Re:	<b>PRIMO 1-PC/3-PC, VICHY 6043 ASY, NUEVO SERIES, AIKI, KAVA, HALO &amp; REVEAL RETURN PANEL, TRIPLE PLUS DOOR W/MIRROR, TILE REDI DRAIN DISCONTINUED, VIAGGI</b>

To Sales, Customer Care Representatives & Product Data Group:

**COLLECTION – Primo 1-piece (200003) / Primo 3-piece (200003-S)**

Take note that technical drawings for the bases of the Primo 1 pc (200003) & Primo 3 pc (200003-S) in the Collection price book pages 234 & 237 do not read as they should. Please see below for correct technical drawings. The technical drawings on the MAAX website have been updated.

**COLLECTION – Vichy 6043 ASY (102936) Footnote 2**

Take note to remove footnote 2 from Collection price book page 190 for the Vichy 6043 ASY (102936). Blower is always fixed at the same position for this bathtub.

**PROFESSIONAL / W&B / DOORS – Nuevo Series**

Following a request received from our sales force leaders, in an effort to be easier to do business with, as of June 1<sup>st</sup>, the Nuevo series included in MAAX Professional, will no longer be treated as a shower series but as a shower base series and a door series and will be considered in the Wall & Bases and Door categories respectively. Take note that they will adopt the discount pricing structure of their new categories.

**COLLECTION – AIIKI 6636, 7236 & 7242**

For the AiiKI 6636 (102787) / AiiKI 7236 (102786) / AiiKI 7242 (102785), please note that undermount installation is not possible since the angle of the deck is too pronounced to allow a perfect seal between the tub deck and the underside of the mounting surface.

**COLLECTION & PEARL SERIES – KAVA 6636, 7236 & 7242**

For the Kava 6636 (103553) / Kava 7236 (103554) / Kava 7242 (103555), please note that undermount installation is not possible since the angle of the deck is too pronounced to allow a perfect seal between the tub deck and the underside of the mounting surface.

**SHOWER DOORS – Halo & Reveal return panel addendum corrections**

In the Halo and Reveal price addenda the following information should read:

	Panel minimum dimensions:		
	Reveal 71	Reveal 75	Halo
<b>return panel 32</b>	29 7/8 in	29 7/8 in	29 7/8 in
<b>return panel 34</b>	31 7/8 in	31 7/8 in	31 7/8 in
<b>return panel 36</b>	33 7/8 in	33 7/8 in	33 7/8 in
	Reveal offers 3/4 in of adjustment on the return panel wall jamb		Halo offers 3/4 in of adjustment on the return panel wall jamb
