

Did You Know?

In Bertch, there are two heights in vanity bases. The short height is 31" and the tall vanities are 34.5" high. The tall version is signified by a "T" at the end of the nomenclature.

EXAMPLE: 30" wide Hudson vanity
sink base with drawers right.

THE HEIGHT OPTIONS:

VTR30, VTR30T

INSTRUCTIONS: If the vanity is "T" (tall), make sure the linen cabinet also ends in a "T" so that the drawers align properly with the vanity. Design Note: When ordering a vanity & linen, remember the "T"

The Bertch Nomenclature Broken Down: VTR3018T

VT	R	30	18	T
Stands for vanity With Two Drawer Stack	Drawers are on the right side Could be an "Left"	Width	Depth (21") if not specified	Tall (34-1/2") 31" high if not specified
