

Heavy Duty Hinges

Plain Bearing and Ball Bearing

EMTEK®
ASSA ABLOY

New Heavy Duty Hinges from Emtex!

Five new hinges with a wide variety of finishes are now available for order. These new hinges have two styles from which to choose, plain bearing plated steel and ball bearing plated steel. Plain bearing is available in 3 1/2" x 3 1/2" with 5/8" radius corners and 4 x 4" with 5/8" radius corners. Ball bearing hinges are offered in 3 1/2" x 3 1/2" with square corners, 3 1/2" x 3 1/2" with 1/4" radius corners, and 4 x 4" with 5/8" radius corners.

Consult the [addendum](#) for further information. All literature can also be found on the Emtex.com website under Dealer Login.
