

Greetings Robern Customers–

Effective Immediately, all products (vanities and decorative glass cabinets) offered in Robern’s Champagne Mesh (14), have been discontinued. Unfortunately, this is a material sourcing issue and we are no longer able to purchase this glass. Any orders placed/entered as of Friday November 9th, will be honored. In addition, we are keeping limited inventory to support potential warranty/breakage issues.

Please contact Robern Customer Service if you have questions about a specific existing order.

Have a good day.

Beth Anna Deacon
