

JASON[®]

HYDROTHERAPY

Discover the Beauty of MicroSilk[®] Generation II Hydrotherapy

While MicroSilk[®] Hydrotherapy has been providing incredible health and beauty results, we continued to work advancing our technology. We are now pleased to announce the introduction of MicroSilk[®] Generation II which continues to provide the proven benefits of our original system and further enhances the experience in ways you are sure to love!

Cleaner Look!

Technology improvements in the creation of MicroSilk[®] have provided a cleaner look in the bath well. The new system now requires only one intake and one delivery port while simultaneously providing a thicker cloud of oxygen-rich MicroSilk[®].

Reduced Maintenance!

Engineering advancements have eliminated need for a pre-filter and screen on the intake.

Quieter, Higher Performance!

MicroSilk[®] Generation II equipment is even quieter!

MicroSilk[®] Shower Wand Now Available!

Jason's latest MicroSilk[®] Shower Wand, designed to be inserted into the new MicroSilk[®] delivery port, allows the bather to direct oxygen-rich microbubbles to their face and upper body, while at the same time continuing to provide the bathwater with a MicroSilk[®] cloud. The MicroSilk[®] Shower Wand is a wonderful complement to every MicroSilk[®] experience.

Availability

Available on all forma[®] and Designer MicroSilk[®], MicroSilk[®] AirMasseur[®] and MicroSilk[®] Whirlpool Hydrotherapy baths ordered beginning immediately for normal delivery.

Jason MicroSilk[®] Winter Special

The Jason MicroSilk[®] Winter Special of \$500.00 off current list prices for all forma[®] and Designer MicroSilk[®], MicroSilk[®] AirMasseur[®] and MicroSilk[®] Whirlpool Hydrotherapy baths continues through March 31, 2013. Don't forget to take advantage of this Winter Special when ordering Generation II now until March 31.
