To our valued customers:

Over the past few years AMI has received and absorbed many price increases in raw materials, labor and freight charges. We have held off passing these increases on to you as long as we possibly could. Effective May 15, 2013 AMI will be raising the cost of all the products in our current 2011 catalog by 5%. We are currently working on a new catalog to reflect this price increase as well as the addition of a few new, exciting colors and products. The new catalogs will be distributed to you within the next few months.

While we are currently producing samples of the new colors we will be adding to our standard color lines, we are deleting the following colors immediately:

Kaleidoscope Greenstone #ECO505

USA Greenstone #ECO512

Nuts About You #ECO510

Chamois Dimensions #3925

Ivory Dimensions #2539

We appreciate your understanding as we strive to limit the impact of rising costs on our products. We are committed to providing you with innovative, quality products and services. We appreciate your business and look forward to continuing our business relationship for many years to come.

Thank you,
American Marble Industries
