Cabinet Hardware Door Hardware Finishes Classic Solutions About Us Find a Dealer

To Our Valued Dealers,

Spring has finally 'sprung' in Western New York. We hope you enjoy our highlight of m/p sectional trim option we have recently added to our product line. We are dedicated to continually bringing you cutting edge options to set you apart from those in your marketplace who do carry the Classic Brass door product line. We have numerous product enhancements planned for the coming months!

Stay tuned...

M/P Sectional Euro Trim

Multipoint Sectional Euro Trim possesses a sophisticated appeal in architectural decorative hardware, and the hallmark of fine residences.

The majority of homes in the US and Canada with M/P doors use escutcheons, and Classic Brass has been producing sectional EURO trim, by custom order only. *Sectional trim has been unavailable in traditional styles.....until now!*

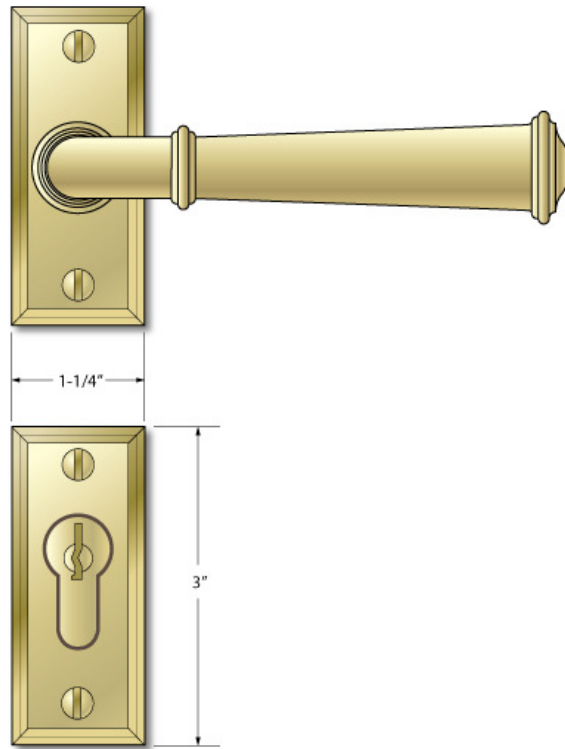

We plan to continually demonstrate commitment to lead our market segment by establishing permanent collections of M/P Sectional Euro trim, by fulfilling rising demand. The sectional trim recently introduced in the Hutter and Fifth Avenue Collections...*are available immediately...*

Artisan handcrafted finishes coupled with 21st century technology, position Classic Brass as the innovative leader in the category of M/P Euro trim decorative hardware. Please keep in mind, sectional trim is only available for EURO style locks.

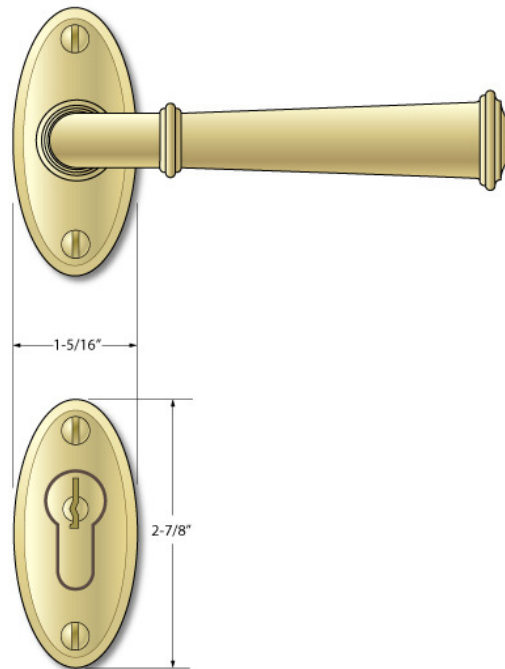

The Hutter Collection sectional trim is available in three profiles and two edge options. The Fifth Avenue Collection is available with four edge options. We are the only manufacturer in the USA /Canada to offer EURO sectional trim in 24 standard finishes, PVD and any custom finish....

**Normal lead times apply. Please contact Lesley if you have any technical questions or require product prints to insure your project is properly ready for installation.
