Touch₂O[®] Technology Comparison - Kitchens

	Delta Touch₂O	Kohler Sensate	Moen MotionSense	Grohe Minta
Temperature Control Above the Deck	✓	✓	-	-
Seamless Manual & Electronic Operation	✓	-	-	-
Touch Operation	✓	-	-	✓
Hands-Free Operation	-	✓	✓	-
Sensor Type	Capacitance	Infrared	Infrared	Capacitance
Power Supply	AA Batteries (AC option with NG Solenoid)	AC Only	AC Only	6 V Lithium Battery
Mounting to Cabinet Required?	No	Yes	Yes	Yes
Potential Leak Points Below the Deck	4	7	10	12

- Touch₂O[®] Technology allows for complete control over temperature regardless of mode
- Touch₂O[®] Technology is extremely intuitive and offers for most seamless operation
- Touch₂O[®] Technology doesn't require an outlet or additional mounting needs under the sink
- Touch₂O[®] Technology uses capacitance technology – similar to smart phones – rather than inconsistent infrared sensor technology
- Touch₂O[®] Technology has the least amount of leak points under the sink

BRIZO

NEW PRODUCTS

CHARLOTTE™ CZCO EXPANSION.

Why:

- Expand upon the success of the Polished Nickel/Cocoa Bronze split finish (58% of sales) by pairing Cocoa Bronze with a Champagne Bronze™ accent.
- The split finish has been successful because the faucet was designed for a split finish and people love the new Cocoa Bronze finish.

Features:

- Expand CZCO on the entire Charlotte™ Bath Collection

Launch:

- Q1 2014
