

AIA Continuing Ed Feedback  
5/24/13

“Just a quick note to let you and the E-Team know how much I enjoyed the event yesterday. In my opinion, it was a huge success and I absolutely look forward to not only future events, but also to building a close working relationship in many product areas with Edelman.

I will forward possible topics for future discussions to you as they occur to me.

Attentive, professional and very friendly, every member of the team made me feel very welcome and valued. Additionally, as a relative newcomer to the Cleveland area, it was a relaxed opportunity to mingle with friends, fleeting acquaintances and thus far unknown colleagues. Thanks again!”
