FISHER & PAYKEL REFRIGERATION

Enhancing our refrigeration solutions

Primary customer touch points are enhanced through a more user friendly interface and design

Black glass and steel dispenser is a perfect match to our kitchen appliances

Rear interface is moved forward for a more usable customer experience

Additional features on non ice and water – bottle chill & fast freeze

These enhancements are for our RF135, E522B and RF170 platforms

In market August 2013

Fisher & Paykel
