

Please read all the below information in detail, as Dornbracht has changed article numbers that will affect ordering product.

**MEM:** Due to design enhancements, the article numbers of Dornbracht's MEM series have changed. These new article numbers are now in effect. Please download the below for important information on the slightly changed design, as well as a list of all old and new article numbers.

Please download the below:

[MEM Refinement Changes](#) (PDF)

[New Article Numbers and Pricing](#) (Excel)

The Excel sheet also includes several new article numbers, as we are introducing some new additions to the MEM series. A comment has been added to each article number noting the changes.

Please note:

- If an article is only listed under the OLD article number, nothing has changed. These are mainly miscellaneous articles and roughs that come with the MEM products.
- If an article is only listed under the NEW article number, it is a completely new product.
- If an article is listed under both OLD and NEW article numbers, the article number has changed due to the design change (it will say in the comment what has changed).

**CYPRUM:** Dornbracht is introducing a new rosé gold finish, Cyprum, which will be available with all MEM bath and some Tara kitchen products. The finish code will be -49. These are also included in the list.

**WATER DISPENSERS:** The list also includes the new article numbers of our Hot & Cold Water Dispensers. The shank was slightly modified, and the article numbers changed.

**V & B:** We are also introducing some additional products to our V&B series JUST. The article numbers and the pricing are included in the second sheet of the Excel file.

\*\*The spreadsheet contains both the pricing that is valid until the price change goes into effect (highlighted in yellow) AND the prices that take effect on July 1<sup>st</sup> 2014 (4% price increase).

Your local Dornbracht representative should be meeting with you shortly to go over in detail all of these changes and the new product that is available.
