

## Newly Redesigned RNB Series

Introducing the newly redesigned and improved RNB Series from BlueStar®. BlueStar's most customizable line now has been updated with cleaner lines and improved features that home chefs will love. Larger windows for viewing, easier cleanability plus enhanced oven performance makes the RNB Series a perfect choice. As always, available in over 750+ colors & finishes and handcrafted in Reading, PA.

### NEW RNB ("V2") Features:

#### Refined Design

Updated sleeker design features full width doors and windows plus a one piece control panel and a 2 piece body side.

#### Enhanced Oven Performance

The new covered corner design of our new oven cavity allows for the most efficient heat distribution possible.

#### Easier-to-Clean Cooktop

An improved grease pan design and simplified burner support allows for easier cleaning.

#### Light & Window NOW Available

For the first time, the small oven in a 48" RNB range will have a window and light for added convenience.

### Standard RNB Features:

- Available in 24", 30", 36", 48" & 60 sizes
