

# Barz Decorative Hardware

---

Giving you a voice in your home...

# Designed and Manufactured by Artisans

- Owners Pete and Elizabeth Barszcz design and manufacture all products in Silverton, Colorado, at 9,300 feet above sea level.

# Quality Products

---

## Design

- Unique, timeless, artistic designs
- Expansive collection: contemporary, modern, rustic, traditional, and fused glass product lines

## Manufacturing

- All pieces cast out of pewter
- All pieces available in over 22 finishes
- Sets include knobs, oversized knobs, pulls (3", 4", 6", 10"), and appliance pulls

# Custom Designs Available

- At Barz we can create nearly any design your client wants, whether it is modifying a design we already have, duplicating an antique, or creating a new idea straight from the customer.

## A Small Business You Can Feel Good About

---

We strive to help our small, rural  
community by employing skilled  
laborers.

We strive to help our earth by using  
eco-friendly materials.

We strive to help our country by  
manufacturing in the U.S.A.

## A Business with Exemplary Customer Service

---

Distributors, designers, and customers can call and talk to us directly about our products, their projects, or new ideas to help make their Barz experience the best.

Our design and manufacturing foundry is open to the public and used as an educational headquarters.

\*Pete with the Governor of Colorado,  
**John W. Hickenlooper**

# Selling Details to Consider

---

- Any piece can be ordered in any of the 22 different finishes with a 2-4 week lead time
- We drop ship around the world
- Custom sizes and special hole placement (center to center dimension) can be accommodated
