**DROP DOWN DOOR MICROWAVE OVEN**

Instead of using up valuable counter space, the Wolf drop down door microwave integrates beautifully into any kitchen décor. With its black diamond glass pattern and white LEDs, it's a perfect match for M and E series ovens, coffee system and the convection steam oven. As you'd expect with a Wolf product, it performs like a true cooking instrument, with several built-in modes that help make fast meals, genuinely *better* meals.
