PLATFORM ENHANCEMENTS AND UPDATES

CURRENT MODEL	ENHANCEMENT / UPDATE	REASON	NEW MODEL
WL4027P1	No changes to this model.		
WL4027J1	User interface is restyled, removing the dial Rinse & Spin moves from the primary selection area to an optional selection Easy iron cycle is removed	Enables a perfect pair match with the restyled dryer as well as greater differentiation with the P washer Due to the dial being removed there was no room on the primary selector side to include this feature therefore it has been moved to the right It was necessary to remove one cycle as there were a total of six cycles available on the control panel. Additionally this provides greater differentiation with the P washer,	WL4027G1
WA3927G1	No changes to this model		
DE7027P1 DG7027P1	Reverse tumbling feature is removed	Customer feedback showed this feature generated an unsatisfactory warranty claim rate. To ensure this issue was rectified fast enough to uphold our premium customer experience the decision was made to remove it	DE7027P2 DG7027P2
DE7027J1 DG7027J1	User interface is restyled, removing the dial Rack Dry cycle and rack is removed Allergy cycle is removed	Greater differentiation with the P dryer as well as enabling a perfect match with the G washers Customer feedback showed this cycle was rarely used. Additionally, removing it enabled greater cost efficiencies to help achieve a competitive price point It was necessary to remove one cycle as there were a total of six cycles available on the control panel. Additionally this provides greater differentiation with the P dryer	DE7027G1 DG7027G1

KEY SELLING POINTS

FEATURES

SmartDrive™ Technology

A set of mechanical and electronic parts including a Direct Drive Motor, Floating Bowl and Motor Controller, form a mechanically simple washer that can sense and respond to each and every clothes load. Providing better clothes care and reliability with no belts, pulleys, gearboxes, clutches or brakes.

SmartTouch™ Control Dial

The SmartTouch™ control dial is the interface to the SmartDrive™ technology, delivering an expert wash every time through 12 pre-programmed cycles: Towels, Regular, Heavy, Delicate, Sheets, Easy Iron, Bulky, Allergy, Whites, Basket Clean, Rinse and Spin. The options, Soak, Bleach, Softener, Quick and Wash Boost, allow you take control when you want.

Soft Close Glass Lid

The soft close glass lid consists of extremely strong toughened glass, set in an ABS molded base for extra strength. Fisher & Paykel believe this is the toughest lid on the market, delivering uncompromising quality and durability. Opening and closing is counterbalanced to deliver better ergonomics and hands free operation.

Eco-Active™ wash

Eco-Active™ wash boosts soil removal while saving energy. Its unique pumping technology re-circulates water and detergent through the clothes in a cascade like pattern. This rapidly removes stains and dirt and is proven to be more effective at killing bacteria.

Quiet Operation

Designed for quietness with pressed forms on the cabinet, polypropylene insulating base and sound deadening pads. Less than 50dBA sound during the wash and 64dBA when spinning at 1100rpm, allowing you to wash day or night without disturbing those around you.

1100 RPM Spin

With a maximum spin speed of 1100 RPM spin, a substantial 386 g-force, these washers remove more water from your clothes so they take far less time to dry.

Eco-friendly

The AquaSmart™ washer has excellent water and energy saving credentials qualifying for Energy Star and Tier 3 of the CEE Super Efficient Home Appliance Initiative.

AeroCare Dryer

Product Specifications

Model no.	DE7027P2	DG7027P2
SKU no.	96234	96250
UPC no.	822843962341	822843962501
Finish	White	White
Capacity	7 cu ft	7 cu ft
Dimensions		
Height	42-43in	42-43in
Width	27in	27in
Depth	29½in	29½in
Depth (door open)	52½in	52½in

KEY SELLING POINTS

FEATURES

The Perfect Pair	This AeroCare dryer is AquaSmart's™ perfect match (P model) – functionally, ergonomically and visually. It is designed to sit identically alongside the AquaSmart™ washer, offering a sense of design and organization to your laundry.
SmartTouch™ Control Dial	Delivering the ultimate laundry experience using a quality stainless steel dial that is both robust and precise, the SmartTouch™ control dial requires just fingertip control. As you turn it the icons illuminate to show you exactly what you have selected. All printing is molded into the fascia so it will never wear off.
Multiple Pre-Programmed Dry Cycles	AeroCare has a range of cycles including Regular, Heavy, Delicate, Energy Saver, Easy Iron, Bulky, Allergy, Time Dry, Rack Dry, Air Dry, AeroSteam and AeroSteam Plus. Options including Wrinkle Free and Damp Dry signal deliver additional clothes care benefits.
Large Capacity	With a huge 7 cu ft capacity, this dryer has the room to dry huge loads without wrinkling.
Dryness Sensing	Four heat settings and four drying temperatures ensure optimum clothes care. The heat is turned down as the load becomes dry preventing shrinkage and damage. The dryer automatically turns off when it senses the right level of dryness has been reached.
Steam Cycles	Two refreshing steam cycles de-wrinkle and freshen garments without excessive power use. Perfect when you want to remove unpleasant smells from garments but you don't want to wash them, or you want to freshen them after prolonged storage.
Durable Work Surface	The work surface is made of toughened glass on top of an injected molded base, making it our most chemical resistant lid.
Easy Loading	Large door opening and powerful interior light makes loading and unloading easy. The door has been designed to be reversible to suit the laundry space.
