

California Faucets®

Product Announcement

Now Available: Hot Water Dispensers

(trim only, tank not included)

Davoli K10 Series
(9625-K10)

Poetto K50 Series
Corsano K51 Series
(9625-K50)

Rosolina K80 Series
(9625-K80)

These beautiful hot water dispensers match perfectly to our new Kitchen faucets and accessories, enabling you to fully suite your kitchen.

Important: The above hot water dispensers are “trim only.” The instant hot water tank must be purchased separately. Compatible tank options are:

- Mountain Plumbing: #MT641-2
- Brasstech/ Newport Brass: #5-036

Caution: Must verify that the selected hot water tank supports the proper connection fittings: 1/4” compression inlet & 3/8” compression outlet

Please note that we are actively pursuing options to supply our own tank in the future, and look forward to bringing one to market later this year. Stay tuned.
