

DEALERS...

If you need parts due to an error made in packing your order, parts will be supplied at no charge. When you call into Emtex customer service 800 356 2741, to make the request, please have your original purchase order or your Emtex sales order available so the customer service representative can process your parts request as quickly as possible. Many times parts can be sent directly to your customer if you request this.

If you need parts due to a mistake you or your customer made in ordering the product, you will be charged for the parts needed. In this case, the customer service representative can give you your cost for the part/parts needed during your call.
