## **New 86.500 Extended Shower Floor Kit**

Mustee has developed an Extended Shower Floor Kit Model # 86.500 to be placed under the standard 80 and 140 Durastall to convert them to an extended base. They modified the standard shower floors on the 80 and 142 for this change. Therefore, the 86.500 Kit will only work on showers bought after 6-01-16. The advantage of the 86.500 Extended Shower Floor Kit is carrying one SKU to convert either the 80 or 140 Durastall to an extended base.
