Re: UL 207 Recognition for Select WROT Fittings

Effective immediately, a select assortment of WROT ACR fittings are UL Recognized to 700 PSI. These products have been tested to the UL 207 performance requirements.

Only certain sizes within the following figure numbers are affected: 9600, 9600-DS, 9600-RS, 9600-2, 9604, 9606, 9607, 9607-LT, 9607-2-LT, 9611 and 9617. Please reference our updated price sheets and catalog which are available via the NIBCO websites at www.nibco.com and www.nibcopartner.com for the designation of UL Recognized fittings.

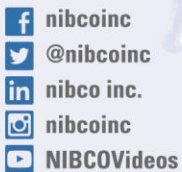

Backed by our 50 year limited warranty, our WROT ACR fittings are proudly manufactured from globally sourced pure copper at our Stuarts Draft, Virginia, facility. NIBCO has been manufacturing copper fittings in the United States since 1927.

If you are attending AHR Expo at the Las Vegas Convention Center from January 30th through February 1st, please stop by and visit us at booth #C4331.

If you have questions, please contact your NIBCO sales or customer service representative. Thank you for your continued support of NIBCO products.

Sincerely,

NIBCO INC.
