

LG PuriCare™ Air Purifier

LG PuriCare™ air purifiers offer award winning design along with smart technology that adjusts cleaning based on the room's air quality. Air Quality comes to light with the Smart LED Indicators. And cleaner air is delivered with quiet, reliable operation.

PM 1.0 Sensor & Smart LED Indicator

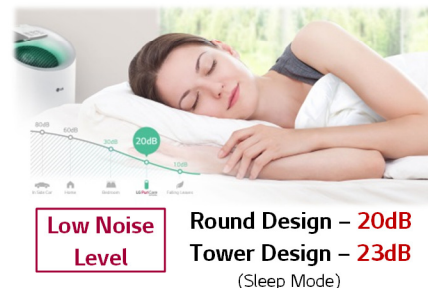

- PM (Particulate Matter) 1.0 Sensor detects 3 different sizes (1.0, 2.5, 10 microns) of micro-dust density levels in the room.
- The Smart LED Indicators visually show the results of the sensor by showing 1 of 4 different colors to reflect the room's air quality
- Auto-Mode – This fan setting will automatically adjust the fan speed according to the levels of pollutants being detected

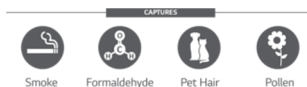

Smart, Quiet, Reliable Operation

- Smart Inverter motor technology allows quiet, reliable performance. The motor is backed by a 10-year limited warranty!
- PuriCare™ Air Purifiers are whisper quiet, as low as 20dB.*
Night (Sleep) Mode – turns off the Smart Indicator, display, and switches the fan speed to low for peace & quiet

3-Stage Filtration

- LG PuriCare™ Air Purifiers use a 3-filter system to provide optimal cleaning.
- Pre-Filter – filters larger particles (washable/reusable)
 - PuriCare™ Filter – filters smaller particles (replace every year / 4000 hrs.)
 - Deodorizing Filter – helps remove gases and odors (replace every year / 4000 hrs.)

Certified Performance

- LG PuriCare™ Air Purifiers have been certified for performance. Certifications include Asthma & Allergy Friendly by AAFA (Asthma & Allergy Foundation of America) and Energy Star for energy efficient operation.
- Full 1 Year Warranty + 10 Year Limited Warranty on the Smart Inverter Motor!

Round Consoles

AS401VSA0 (silver)
AS401VGA1 (gold)

Coverage: 248 sq.ft.
Lowest Noise Level: 23dB*

LG PuriCare™ Air Purifier

*Lowest level in Night (Sleep) Mode

Tower Design

AS401WWA1

Coverage: 217 sq.ft.
Lowest Noise Level: 20dB*
