## **New State Polaris™ Water Heaters**

State is excited to announce the launch of the Polaris family of high efficiency gas water heaters. These models will be available for order starting June 1<sup>st</sup>, 2017.

The Polaris is a family of high input, high efficiency, stainless steel gas water heaters. The model plan includes both Residential and Commercial models.

Key features include:

- High Efficiency Condensing Design with up to 96% thermal efficiency
- High inputs from 100k-199k BTU/hr for excellent performance
- 34 and 50 gallon tank sizes
- Stainless steel construction (tank and helical heat exchanger)
- LCD Touchscreen Display
- Modulating Burner
- Ultra-low NOx compliant

The Polaris specification sheets, brochures, price slip sheet, and other documents are attached.

Should you have any questions, please feel free to consult your State Sales Representative or contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Arthur Smith", is positioned above the typed name.
