70 years strong

Julien has been perfecting the art of stainless steel for 70 years.

Established in Quebec City in 1946, the company quickly earned a solid regional reputation in stainless steel manufacturing. In the decades that followed, international clients joined the fold, calling for Julien's quality products on increasingly complex applications.

At Julien, we're dedicated to delivering impeccable products and

incomparable service, with a focus on three main sectors: residential kitchens (sinks, faucets, etc.), commercial kitchens, and industrial mass production.

Because for us, perfection has gone from an inspiring challenge to a way of being.

Exclusive distinction

Home Refinements by Julien takes each client's typical movements and uses them to design their key kitchen features.

Give your clients a kitchen where they can work with the utmost speed and efficiency in a comfortable, inspiring environment. Show them a world where they're in perfect synergy with their surroundings. Do it all with Julien's Home Refinements collection of over 300 standard stainless steel sinks, that can be customized with 25 options and over 200 accessories. For creative projects

that require even greater flexibility, we custom manufacture sinks, counters, and other stainless steel items to your specifications.

Since every customer has a unique personality, and every décor has its own authenticity, we offer exclusive distinction.

SmartStation sink 005404(M)

SocialCorner sink 005304

Fira sink 093319

Product offering

Stainless steel – 16 ga

Sixteen gauge stainless steel is thicker and more resistant than normal industry standards. Thanks to its antibacterial and non-corrosive properties, it is a restaurant industry staple. It just makes sense that we chose this commercial quality material to manufacture all of our stainless steel sinks. Folded, welded and polished by hand, our products offer the same performance as those of the greatest chefs. What's more, our brushed finish is a perfect match for most major brands of kitchen appliances.

Thickness chart		
16 ga		1.5 mm (0.0595")
18 ga		1.2 mm (0.0480")
20 ga		0.9 mm (0.0355")
22 ga		0.7 mm (0.0291")

Standard collections

Our standard UrbanEdge®, J7® and Classic collections all share a specific feature: each one of them contains 50 kitchen sink models, which can all be customized with our unique À la Carte options. But behind this common characteristic, each one owns its unique urban, contemporary or classic style.

À la Carte

This exclusive concept lets you personalize a sink with 25 options designed to enhance functionality in the kitchen. Simply select a kitchen sink model from one of our standard collections, modify it with one or more options, and transform any ordinary bowl into a one-of-a-kind, ultra-functional workstation. You can access our À la Carte configurator online and discover millions of possibilities at homerefinelements.ca/configurator

SmartStation

The SmartStation sink with accessory ledge lets you slide your colander, cutting board, and drying rack from side to side along two levels, giving cooks the chance to flex their creative muscles. Available in black walnut or maple, the station comes with a sturdy stainless steel grid that protects the bottom surface.

Special collections

Our SocialCorner, Vintage, and Classic+ special collections are a whole new take on kitchen sinks. With unexpected functionalities, inventive shapes, and stylish farmhouse and undermount designs, each sink is a unique piece.

Signature

Through our Signature concept, everyone can set their imagination free. We can handcraft in our workshops a wide range of custom stainless steel items that will perfectly match your customer's styles and needs. From a simple specific sink dimension to a full kitchen project, if it can be made of stainless steel, we can make it.

Fireclay

Fira

Our multifaceted fireclay sink has a reversible apron front that's flat on one side and Shaker style on the other. Add up to ten different accessories to the Fira with accessory ledge and discover a whole new way to work at the sink.

SmartStation sink 005404(M), Cutting board 210068, Colander 205325, Drying rack 215307, Grids 200929 et 200927

Product offering

Accessories

We offer a wide selection of accessories for both stainless steel and fireclay sinks. Most of them hang over the bowl, which creates additional workspace and improves efficiency in the kitchen. Chopping, thawing, draining, rinsing, presenting... it's all easier than ever.

Faucets

A good kitchen faucet must be functional, durable and elegant. All our models are designed with these three characteristics in mind and are available in three collections: professional, pull-out or pull-down. With their clean lines, our faucets are highly versatile and make a stunning statement when combined with one of our sinks.

Resources

Customer Service

Our Customer Service Department is totally committed to providing support before, during, and after purchase. If you have a question or would like to place an order, a member of our team will be happy to provide advice and assistance. Contact us Monday to Friday, 8 a.m. to 5 p.m. EST.

Warranty

Generalities

Home Refinements may at its sole option, repair, replace or make appropriate adjustments to the Product or components proven to be defective in order to restore to good working condition.

In no event, even if Product or components are found to be defective, shall Home Refinements' liability exceed the price paid for the Product. Home Refinements reserves the right to inspect the installation prior to the replacement or repair of the Product or its component parts. Home Refinements may at its discretion require pictures prior to analyzing a claim. This limited warranty is null and void if the Product or components have been repaired, altered or modified other than by Home Refinements or under its supervision.

This limited warranty replaces any and all other warranty, expressed or implied, including implied warranties of merchantability or fitness for a particular purpose. Laws governing product warranties may vary from one state or province to another. This warranty is not intended to contravene to the public order and shall not be so interpreted. This limited warranty extends only to the original owner/end user in residential applications and is not transferable to any subsequent purchaser. In the event of a warranty claim, original proof of purchase (sales receipt) will be required. Shipping and handling costs (for returning the product or components for repairs or to replace product or components) are not covered under this limited warranty. Also excluded from this limited warranty is any labor, workmanship or other costs incurred in connection with the Product or components removal, repairs, replacement, adjustment or installation and any incidental or consequential damages.

ATTENTION > Warranty will be null and void for any damage resulting from installation not respecting the instructions and Home Refinements will not be held responsible for any costs incurred. In the event of a limited warranty claim, original proof of purchase will be required – save original sales receipt.

Stainless steel sinks

Home Refinements offers a limited LIFETIME warranty on the fixed components of its stainless steel sinks, ensuring them against defects of material and workmanship. This warranty is limited to defects or damages resulting from a normal residential use. Home Refinements will not be held responsible for defects or damages caused by improper installation.

This warranty does not cover the following points:

- Surface corrosion (chemical or natural)
- Scuffs or scratches
- Misuse, abnormal, negligent or abusive use
- Dents, deformations caused by the impact of any object
- Common signs of wear and tear
- Improper installation, care and/or maintenance
- Commercial use
- Environmental factors causing damages
- Shipping or freight damages

Fireclay sinks

Home Refinements offers a limited 1-YEAR warranty following the purchase date against manufacturing defects and a limited 10-YEARS warranty following the purchase date against fading/staining on its fireclay sinks. This warranty is limited to defects or damages resulting from a normal residential use. Home Refinements will not be held responsible for defects or damages caused by improper installation.

ATTENTION > Due to manufacturing process, a fireclay sink is subject to dimensional variations of $\pm 3/16''$. No cut out template is provided, we recommend cutting the countertop only after measuring the sink. A custom cabinet with reinforced support is required for installing a fireclay sink.

(Continued on the next page)

Warranty

Fireclay sinks (continued)

This warranty does not cover the following points:

- Misuse, abnormal, negligent or abusive use
- Scratches, chips or dents (reported following installation) – Please inspect sink carefully prior to installation
- Use of abrasives and/or chemicals (such as undiluted bleach)
- Common signs of wear and tear
- Improper installation, care and/or maintenance
- Commercial use
- Environmental factors causing damages
- Shipping or freight damage

Accessories for sinks and faucets

Home Refinements offers a limited 1-YEAR warranty following the purchase date for all mobile parts, options and accessories against defects of material and workmanship. This warranty is limited to defects or damages resulting from a normal residential use. Home Refinements will not be held responsible for defects or damages caused by improper installation.

This warranty does not cover the following points:

- Surface corrosion (chemical or natural)
- Scuffs or scratches
- Misuse, abnormal, negligent or abusive use
- Dents, deformations caused by the impact of any object
- Common signs of wear and tear
- Improper installation, care and/or maintenance
- Commercial use
- Environmental factors causing damages
- Shipping or freight damage

Faucets

Home Refinements offers a limited 1-YEAR warranty on its faucets following the purchase date against manufacturing defects. A limited LIFETIME warranty is offered on the ceramic cartridge as well as for flexible hoses. This warranty is limited to defects or damages resulting from a normal residential use. Home Refinements will not be held responsible for defects or damages caused by improper installation.

This warranty does not cover the following points:

- Misuse, abnormal, negligent or abusive use
- Dents, deformations caused by the impact of any object
- Use of chemicals that alter the aspect of the faucet
- Common signs of wear and tear (reported after installation) – Please inspect the faucet carefully before installation
- Improper installation, care and/or maintenance
- Commercial use
- Environmental factors causing damages
- Shipping or freight damage

If you believe you have a warranty claim or for more information on the warranty of our products, please contact our customer service.

Contemporary style

These sinks have slightly rounded 7 mm radius corners, giving them a resolutely contemporary style that is especially easy to clean. The kitchen sinks in this collection can be configured with the À la Carte options.

Features

Handcrafted in Canada

Commercial quality stainless steel - 16 ga thickness

Corrosion resistant material - 304 series (18/10)

Environmentally friendly product, 100% recyclable

Elegant no. 4 brushed finish that matches the appliances

Highly efficient sound deadening pads

Practical flat sink bottom and straight bowl sides that maximize available space in the bowl

Stylish and functional bowl bottom grooves that facilitate water drainage

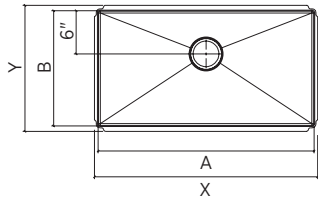

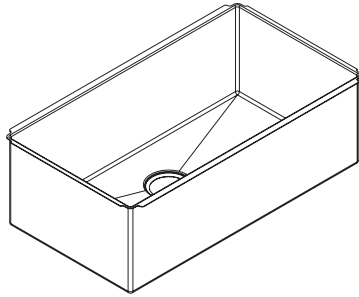

Rear 3½" drain placement -
For bar sinks, please refer to the specsheets for drain sizes and placement

Mounting hardware and cutout template included

Certifications: ASME A112.19.3, CSA B45.0, CSA B45.4

À LA CARTE

À LA CARTE

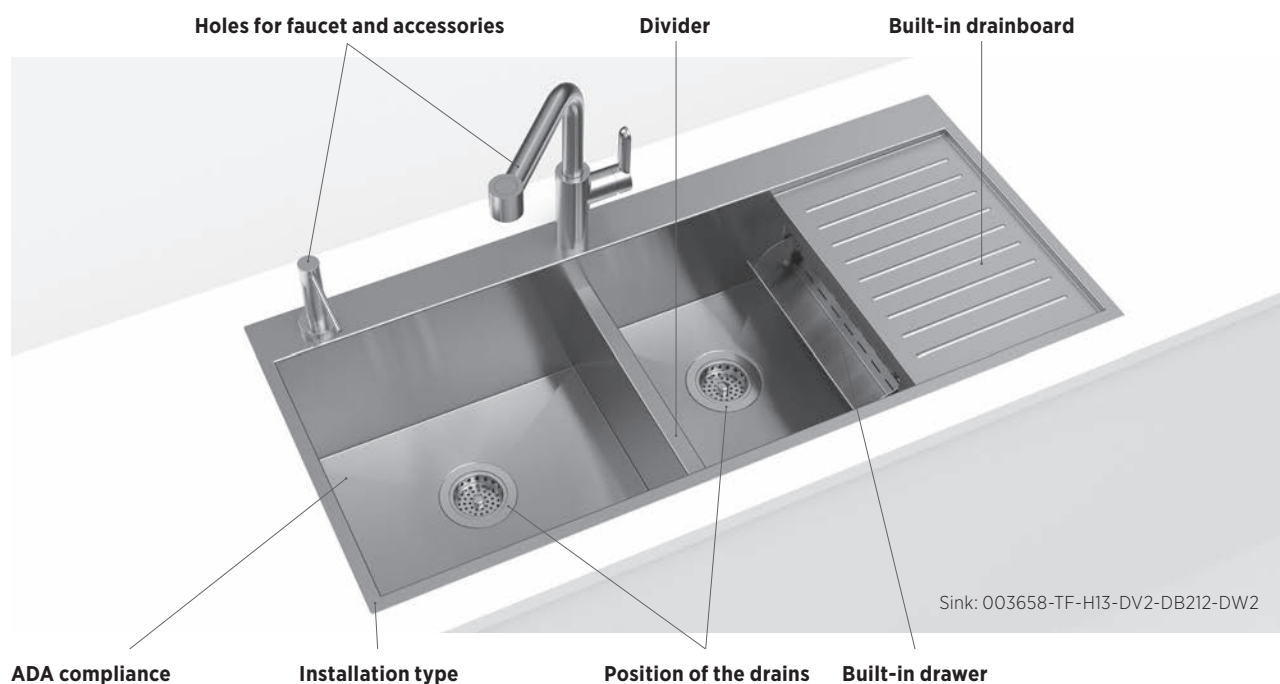

Options

With the À la Carte options, you can transform any standard kitchen sink into a one-of-a-kind, ultra-functional work station.

This exclusive concept lets you personalize a sink with the options listed in this section. Getting the sink you want is easy. Just select a kitchen sink from our UrbanEdge®, J7®, or Classic standard collections and choose one or more options to customize it with functionalities you wouldn't find in a standard basin. Plus, our customized À la Carte sinks are certified CSA.

Use our online interactive tool to configure your new creation

À la Carte options

Online interactive tool

With our online configuration tool, you can create an À la Carte sink in minutes. Select a model, add or remove options, see a technical drawing of your special sink, and submit it for pricing.

Visit homerefinements.ca/configurator

To access the price of your creation, login by using the password
configHR01

Installation type

By default, all kitchen sinks from our standard collections are designed for undermount installation. With the À la Carte options, you can now select one of the following alternative installation options:

Undermount with apron

Choosing a sink with an apron showcases the elegance of stainless steel.

- **Flat (UAF)**

This undermount sink with an apron flat is a modern version of the farmhouse style sink.

- **Curved (UAC)**

Adding a country feel is as simple as installing an undermount sink with an apron curved.

Topmount / Flushmount (TF)

A topmount installation model is perfect if you have a laminate, wood, or ceramic countertop or if you want to replace your sink without changing your stone countertop. These models can also be flush-mounted. Choosing this option will add a 3" platform at the back and ¾" flanges on the three other sides of the sink.

Description	Option	Price
Undermount with apron flat	UAF	\$ 720
Undermount with apron curved	UAC	\$ 720
Topmount / Flushmount ⁽¹⁾	TF	\$ 675

1. Please note that all of these sinks come with at least one standard 1 3/8" diameter hole. Refer to the option "Hole(s) for faucet and accessories" to determine its position.

À la Carte options

Hole(s) for faucet and accessories

Topmount or flushmount models are equipped with a 3" wide rear platform for faucet and accessories, and by default, the hole is centered (HP3). If you want a different hole configuration, you can determine the number and layout of the holes needed.

Far left (HP1)

The center of HP1 is 3" from the inner left wall of the sink.

Center left (HP2)

The center of HP2 is 4" from the center of HP3.

Center (HP3)

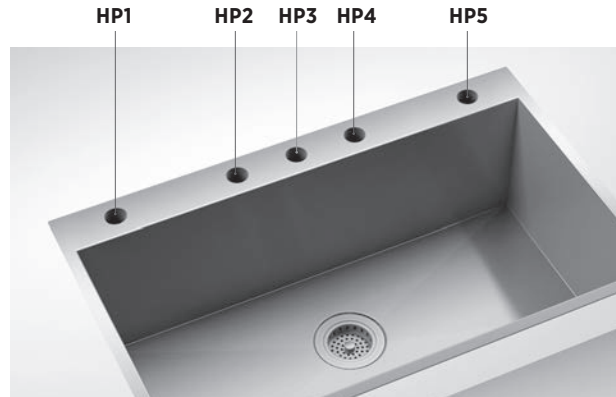

The center of the bowl. If you select a double bowl sink, this hole will be aligned with the divider.

Center right (HP4)

The center of HP4 is 4" from the center of HP3.

Far right (HP5)

The center of HP5 is 3" from the inner right wall of the sink.

Description ⁽¹⁾	Option	Price
Far left hole	HP1	Free
Center left hole	HP2	Free
Center hole	HP3	Free
Center right hole	HP4	Free
Far right hole	HP5	Free

1. Depending on the width of the sink, which modifies the available space for drilling the holes, some limitations may apply. Only HP3 is available for 9" wide bowls and only HP2, HP3 and HP4 are available for 15", 18" and 21" wide bowls. In the case of double bowl sinks with a 9" wide bowl at the right or at the left, HP1 or HP5 may not be available.

ADA compliance

ADA compliant sinks are designed to make their use easier, more practical and comfortable for people with disabilities or limited mobility. By choosing this option, your bowl(s) depth becomes 6" and it leaves enough space underneath to allow for knee clearance.

Description	Option	Price
Bowl(s) depth 6"	ADA	Free

À la Carte options

Divider

For double bowl sinks, a standard divider is full height and 1" wide. If you would prefer something different, we offer three alternative types of dividers, each with its own specific functions.

1" wide, 1" from the top of the bowl (DV1)

This divider is designed to avoid spills because the water will drain into the other bowl before overflowing onto the counter.

1" wide, 3" from the top of the bowl (DV2)

This divider is perfect for washing large pots and pans because their handles will overhang into the other bowl. This type of divider makes going from one bowl to the other an easy transition.

4" wide, 3" from the top of the bowl (DV3)

This divider provides a resting place for pans that are very hot or being filled with water directly from the faucet. This type of divider makes going from one bowl to the other an easy transition.

Description	Option	Price
1" wide, 1" from the top of the bowl	DV1	\$ 650
1" wide, 3" from the top of the bowl	DV2	\$ 750
4" wide, 3" from the top of the bowl ⁽¹⁾	DV3	\$ 850

1. Please note that this type of divider will add 3" to the overall dimensions of your bowl, which will probably affect the size of your cabinet.

Built-in drainboard

Designed primarily to dry dishes without cluttering up the counter, the built-in drainboard can also be used as a work surface for cooking and cleaning. The drainboard is embossed for greater stability, and its dimension is adapted to the front-to-back dimensions of the bowl.

12" wide, left side (DB112)

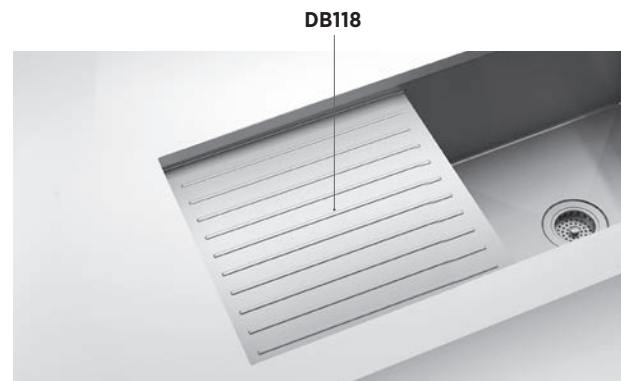

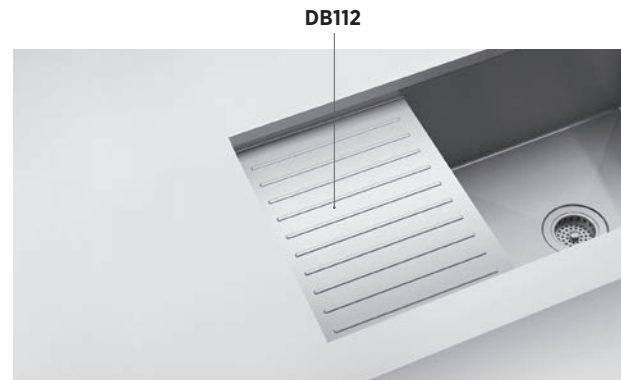

18" wide, left side (DB118)

24" wide, left side (DB124)

12" wide, right side (DB212)

18" wide, right side (DB218)

24" wide, right side (DB224)

Description	Width	Option	Price
Left built-in drainboard	12"	DB112	\$ 825
	18"	DB118	\$ 925
	24"	DB124	\$ 1,025
Right built-in drainboard	12"	DB212	\$ 825
	18"	DB218	\$ 925
	24"	DB224	\$ 1,025

À la Carte options

Built-in drawer

A drawer built into the side of the bowl is the perfect place for storing small everyday cleaning items like brushes and scouring pads. The inside dimension, front to back, is 12". It is always installed 1½" from the top of the bowl.

Left wall (DW1)

Drawer in the left inner wall of the bowl

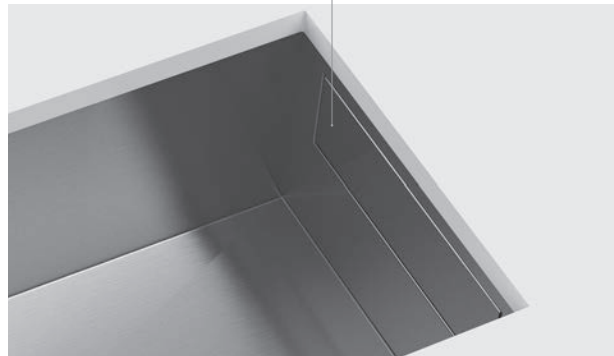

Right wall (DW2)

Drawer in the right inner wall of the bowl

DW2 (opened)

DW2 (closed)

Description ⁽¹⁾⁽²⁾⁽³⁾	Option	Price
Left built-in drawer	DW1	\$ 525
Right built-in drawer	DW2	\$ 525

1. Please note that adding a drawer will add 3½" to the overall dimensions of your bowl, which will probably affect the size of your cabinet.
2. Due to the installation process of topmount sinks, it is not possible to add a built-in drawer when choosing the "Topmount/Flushmount" option. The only way to include a drawer on a topmount sink is to add a drainboard directly over it, on the same side.
3. When the ADA option is selected, it is not possible to add a built-in drawer.

Position of the drain(s)

This option lets you choose the drain position in the bowl. By default, the drain is in the rear center of the bowl (DP2). This is the position recommended by Home Refinements to maximize under-cabinet storage space and the flat surface area available at the bottom of the bowl. However, moving the drain to the following locations, while altering the style, will not sacrifice these benefits.

Rear left corner (DP1)

The center of DP1 is 4 ½" from the left inner wall and 4 ½" from the back inner wall of the bowl.

Rear right corner (DP3)

The center of DP3 is 4 ½" from the right inner wall and 4 ½" from the back inner wall of the bowl.

Center left (DP4)

The center of DP4 is 4 ½" from the left inner wall and is at the center of the front to back dimension of the bowl.

Center (DP5)

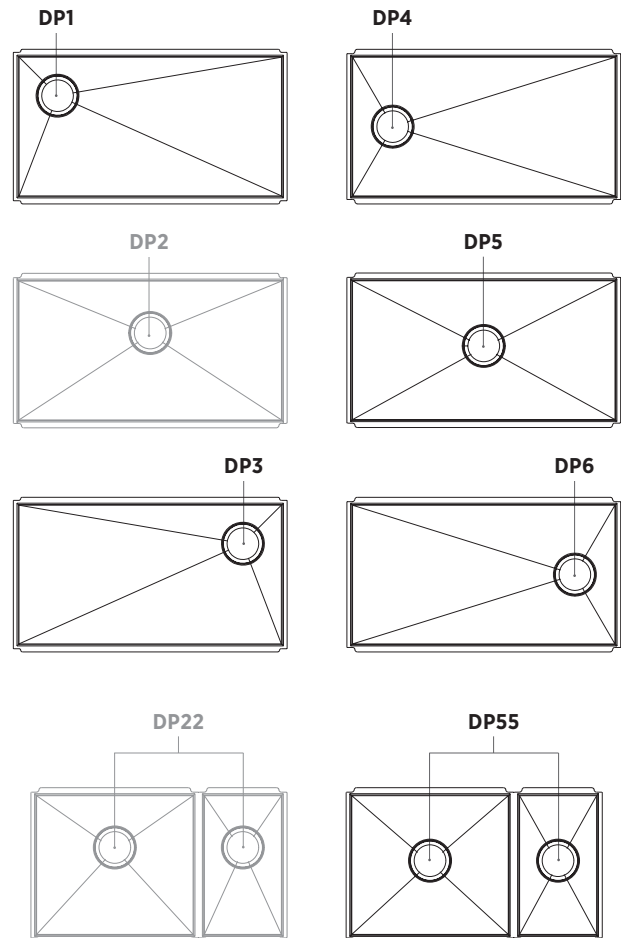

The center of DP5 is at the center of the bowl.

Center right (DP6)

The center of DP6 is 4 ½" from the right inner wall and is at the center of the front to back dimension of the bowl.

Center (DP55)

If you choose a double bowl sink, the default drain location is the center rear of the bowls. With this option, you can position them in the center of each bowl.

Description for single bowl ⁽¹⁾	Option	Price
Rear left corner of the bowl	DP1	\$ 200
Rear right corner of the bowl	DP3	\$ 200
Center left of the bowl	DP4	\$ 200
Center of the bowl	DP5	\$ 200
Center right of the bowl	DP6	\$ 200

Description for double bowl ⁽¹⁾	Option	Price
Center of the bowl	DP55	\$ 200

1. Please note that if you move the drain, the grid recommended for your sink will no longer fit properly. Contact customer service to order your custom grid.

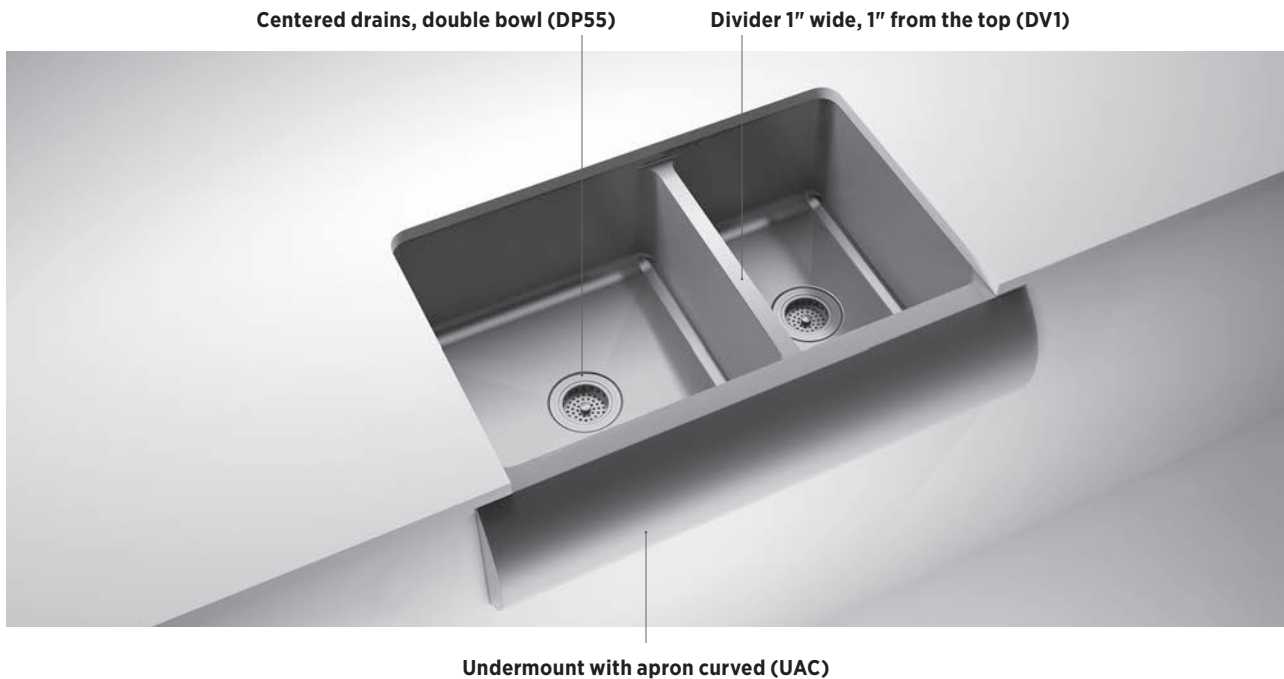

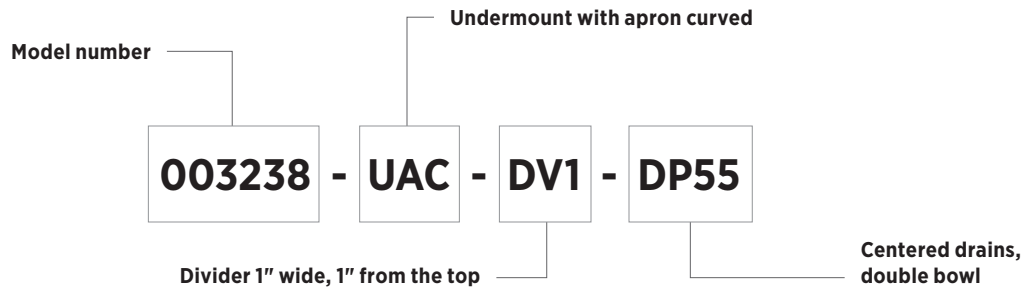

À la Carte options

How to create your product number

An À la Carte product number is always composed of two types of information:

1. The model number of the chosen sink, taken from the standard collections, forms the basis for the number.
2. The code(s) referring to the various options added to the basic sink are set off by dashes.

Use this code to place your order.

SIGNATURE

SIGNATURE

Custom stainless steel

As we've been working with stainless steel for 70 years for the world's most prestigious kitchens, we understand that some projects require creative and personalized solutions.

Through the Signature concept, we can manufacture custom stainless steel items for customers with unique needs and tastes. Looking for that special one-of-a-kind creation to perfectly match a new kitchen? Still haven't found the right product available on the market? Set your imagination free and design your very own Signature item.

To learn more about the Signature concept, visit our website.

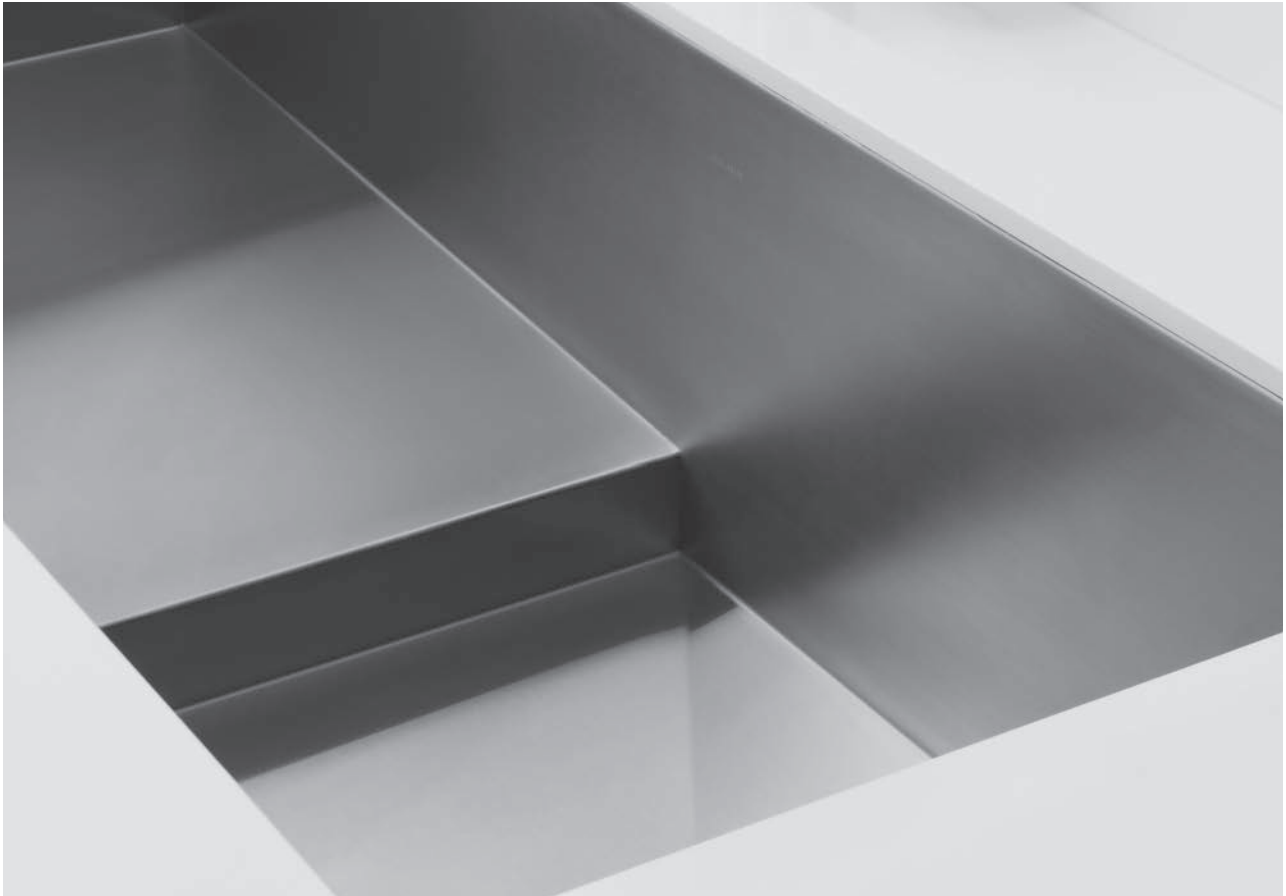

homerefinelements.ca/signature

To request a quote, fill out the Signature forms available online or contact a member of our customer service department.

1 866 901-5624

customerservice@homerefinelements.ca

Signature sinks

We design custom sinks for chefs with unique requirements, including original shapes, more than two bowls, non-standard dimensions, engraving and more. Looking for that special one-of-a-kind creation to complement your new kitchen? We can handcraft it for you in our plant in less than 4 weeks.

Signature countertops

Stainless steel is a preferred material for kitchen island counters. It has strong antibacterial properties, making it a very hygienic surface. What's more, hot pots can be placed on it without any risk.

Signature modules

By integrating a stainless steel module into your kitchen layout, you can enjoy a work surface inspired by top chefs. Custom-designed to your specifications, this unique item will fit perfectly with your décor.

Signature full kitchens

The professional-style kitchens put stainless steel in the foreground. Ease of maintenance and great anti-corrosion properties make this material a perfect fit for large restaurants and home kitchens alike. It can be fully integrated, from countertops to cabinet panels, drawers and, of course, the sink.

Other Signature items

Stainless steel can be shaped into a myriad of forms for use in a host of applications. Whether for a range hood, shelving, mantel-piece, railing... if it can be made of stainless steel, we can make it.

SMARTSTATION

NEW

SMARTSTATION

Functional in every way

The SmartStation sink with accessory ledge lets you slide your colander, cutting board, and drying rack from side to side along two levels, giving cooks the chance to flex their creative muscles. Available in black walnut or maple, the station comes with a sturdy stainless steel grid that protects the bottom surface.

Find out more at homerefinelements.ca/en/smartstation

Features

Handcrafted in Canada

Commercial quality stainless steel - 16 ga thickness

Corrosion resistant material - 304 series (18/10)

Unique design allowing the Home Refinements standard accessories to slide one over the other on two levels

½" accessory ledge on front and back of the bowl to accommodate any standard 17" Home Refinements accessory

Standard 18" Home Refinements accessories to be used directly on the countertop (undermount with overhang countertop installation necessary)

Three (3) accessories included, with a choice of maple or walnut handles: 17" drying rack to be used on accessory ledge and 18" cutting board and colander to be used on countertop

Bottom grid included to protect the surface of the sink

Attractive combination of UrbanEdge® and J7® collections : vertical square corners [0°] and slightly rounded corners [7mm] for bottom front and back folds

Environmentally friendly product, 100% recyclable

Elegant no. 4 brushed finish that matches the appliances

Highly efficient sound deadening pads

Practical flat sink bottom and straight bowl sides that maximize available space in the bowl

Stylish and functional bowl bottom grooves that facilitate water drainage

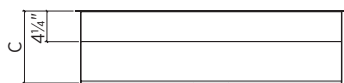

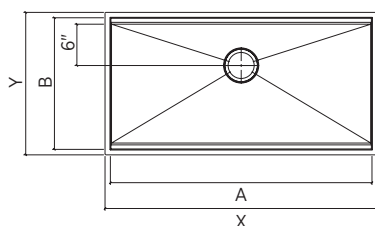

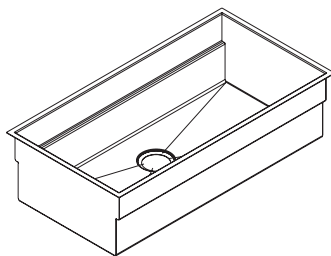

Rear or side ¾" drain placement

Mounting hardware included

Certifications: ASME A112.19.3, CSA B45.0, CSA B45.4

À la carte SmartStation

SmartStation is the first and only special collection sink designed to accommodate some of our À la Carte options. You can make a sink even more functional by adding one or more options described in this section. For more information on any option, visit the "À LA CARTE - INOX" tab or pull out the tool at the end of this document. You can also see a drawing of your customized sink by using our online configuration tool at homerefine-ments.ca/configurator

Built-in drainboard

Perfect for drying the dishes without cluttering your counter or for washing and prepping ingredients, the integrated drainboard frees up extra working space.

Built-in drawer

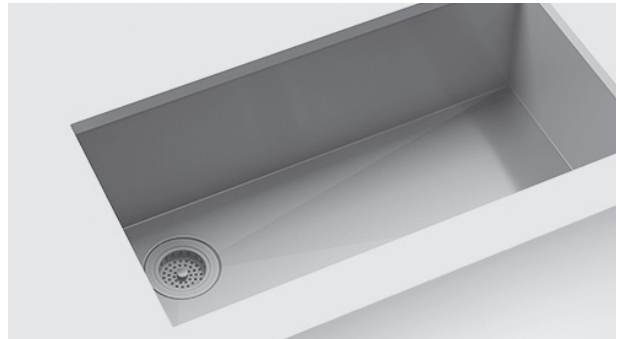

Brushes, cleaning pads, and other cleaning supplies have a new place to hide: a clever built-in sink drawer.

Position of the drain(s)⁽¹⁾⁽²⁾

By moving the position of the drain, you can adjust the storage space under the sink area and the flat surface available at the bottom of the bowl.

1. In order to ensure optimal drainage, this option is not available on 48" (005404 / 005454) and 60" (005405 / 005455) SmartStation sinks.
2. The standard grid included with your sink will not be adapted to your new drain configuration. Please contact Julien's Customer Service to order a custom grid.

SmartStation Signature

Maybe you like the SmartStation sink but would like to make a few adjustments, like a larger divider or a deeper basin. Or maybe you'd like your SmartStation integrated into a stainless steel counter.

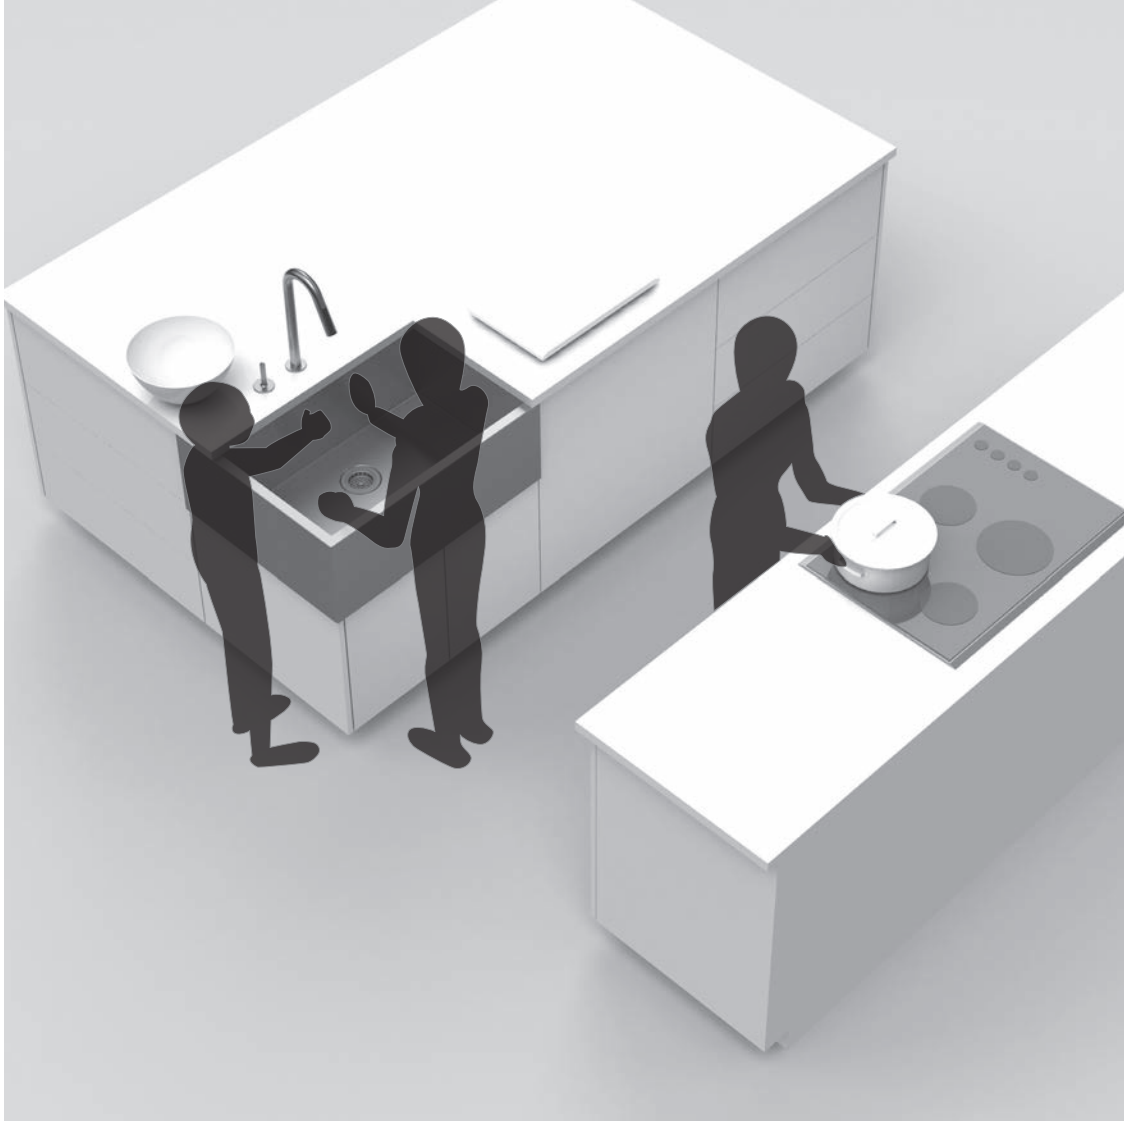

Bring your ideas to life by contacting our Customer Service team or filling out the form available at homerefine-ments.ca/en/signature

SPECIAL

SocialCorner • Vintage • Classic +

SOCIALCORNER

The cornerstone of your kitchen

These sinks maximize available work space on the countertop thanks to their corner installation on the kitchen island. The two distinct work areas provided by the stainless steel aprons on the front and side of the sink encourage interaction between users and improve work flow in the room by freeing up space designated for cooking, for example.

Features

Designed by Matthew Quinn

Handcrafted in Canada

Commercial quality stainless steel - 16 ga thickness

Corrosion resistant material - 304 series (18/10)

Environmentally friendly product, 100% recyclable

Elegant no. 4 brushed finish that matches the appliances

Unique island corner installation to allow two people to work at the sink at the same time

Designed for left or right corner installation

Highly efficient sound deadening pads

Practical flat sink bottom and straight bowl sides that maximize available space in the bowl

Stylish and functional bowl bottom grooves that facilitate water drainage

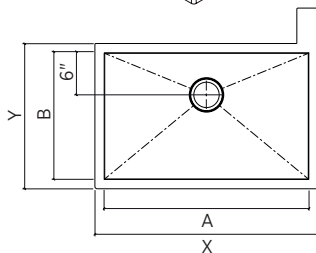

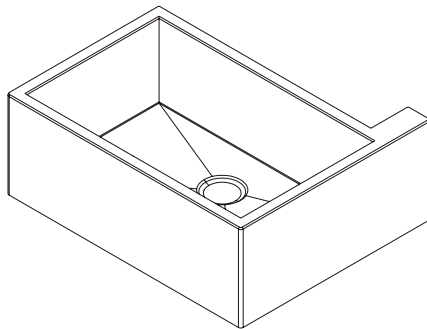

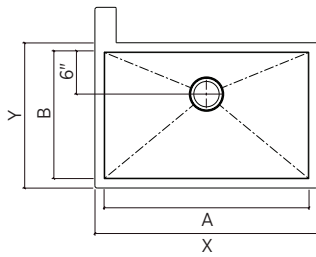

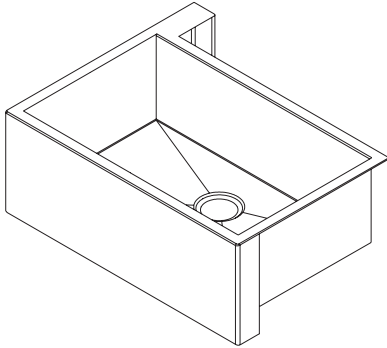

Rear 3½" drain placement

Mounting hardware included

Certifications: ASME A112.19.3, CSA B45.0, CSA B45.4

ACCESSORIES

Stainless steel

ACCESSORIES

For stainless steel sinks

A sink is a lot more than a bowl to hold water. With the right accessories, it can become a real workstation. Take a look at our product offering to create additional workspace and improve efficiency in the kitchen.

Grids

Our solid stainless steel grids are all custom made to fit our sinks. By perfectly covering the bottom of the bowl, they provide effective protection against scrapes and early wear while allowing water to drain when items sit at the bottom of the sink.

Colanders, trays and bins

Our colanders, trays and bins are hand manufactured from tough stainless steel for greater durability. Placed on the counter or suspended above the sink, they are invaluable tools for straining, rinsing or serving food efficiently and hygienically.

Drying racks

Our drying racks can sit right over the sink to dry kitchen items or to rinse food. They can also be used on the counter as trivets.

Cutting boards

Our hardwood cutting boards provide extra work space and can double as trivets or serving platters.

Drains

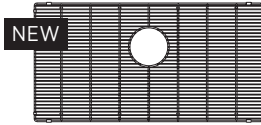

Our drains come in a range of design options to match your kitchen and the style of your sink. All our drain strainers are removable for easy cleaning.

Care products and replacement parts

To preserve the finish of Home Refinements stainless steel sinks and accessories or to ensure proper installation, products and parts we recommend are essential.

FIRA

NEW

FIRA

Timeless appeal

Our Fira fireclay sinks have a reversible apron front that's flat on one side and finished in Shaker style on the other, making them a perfect fit for contemporary and transitional interiors alike. To free up more counter space, choose one of the two Fira models with an accessory ledge and place a colander, drying rack, or the walnut cutting board that is included with the sink right on top of the basin.

Features

Designed in Canada, handcrafted in Italy

Two (2) sink models, 093319 and 091519, have an integrated accessory ledge that can be used with a full range of accessories, including the walnut cutting board that comes with the sink.

Reversible apron front design: flat or Shaker style

Deep 10" bowl and $\frac{3}{4}$ " thick walls for optimized work space

Product dimensional variability $\pm\frac{3}{16}$ ", due to manufacturing process

Made of fireclay and glazed on all sides, white gloss finish

Offset center $3\frac{1}{2}$ " drain

Sloped bottom for maximized drainage

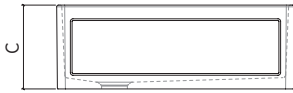

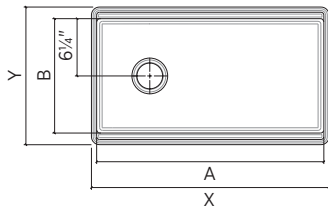

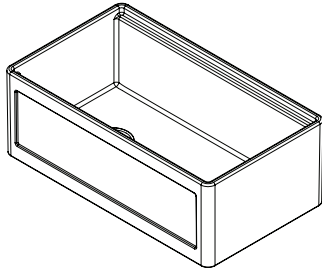

Waste disposal unit compatible, recommended to confirm waste disposal or drain maximal thickness specifications

No template provided, recommended to have the sink on hand for final sizing of cabinet and countertop

ASME A112.19.2/CSA B45.1

ACCESSORIES

Fireclay

ACCESSORIES

For fireclay sinks

A sink is a lot more than a bowl to hold water. With the right accessories, it can become a real workstation. Take a look at our product offering to create additional workspace and improve efficiency in the kitchen.

Grids

Our solid stainless steel grids are all custom made to fit our sinks. By perfectly covering the bottom of the bowl, they provide effective protection against scrapes and early wear while allowing water to drain when items sit at the bottom of the sink.

Colanders, trays and bins

Our colanders, trays and bins are hand manufactured from tough stainless steel for greater durability. Placed on the counter or suspended above the sink, they are invaluable tools for straining, rinsing or serving food efficiently and hygienically.

Drying racks

Our drying rack can sit right over the sink to dry kitchen items or to rinse food. It can also be used on the counter as trivet.

Cutting boards

Our hardwood cutting board provides extra work space and can double as trivet or serving platter.

Drains

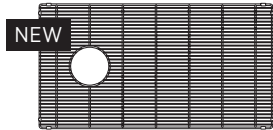

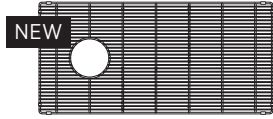

Our drains come in a range of design options to match your kitchen and the style of your sink. All our drain strainers are removable for easy cleaning.

Care products and replacement parts

To preserve the finish of Home Refinements Fira sinks and accessories, products and parts we recommend are essential.

Grids

For fireclay sinks

Collection	Drain	Bowl	Grid	Price
Fira with ledge	Left or right	$13\frac{1}{4}'' \times 15\frac{3}{4}''$	200936	\$ 200
		$31\frac{1}{4}'' \times 15\frac{3}{4}''$	200939	\$ 280

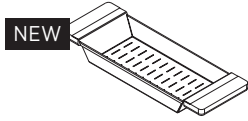

Collection	Drain	Bowl	Grid	Price
Fira	Left or right	$28\frac{1}{4}'' \times 17\frac{1}{2}''$	200937	\$ 270
		$31\frac{1}{4}'' \times 17\frac{1}{2}''$	200938	\$ 280

FAUCETS

FAUCETS

Our faucets were designed to increase both functionality and aesthetics of any kitchen sink. Made of solid brass, they will fulfill their duties for years to come.

Professional collection

Inspired by commercial kitchens, the professional collection's faucets are designed to deliver optimal performance worthy of the most seasoned chefs.

Pull-out and pull-down collection

Our pull-out and pull-down faucets offer great flexibility and are available in various configurations for kitchen and bar sinks. Their spray heads make preparing food and cleaning the sink a snap.

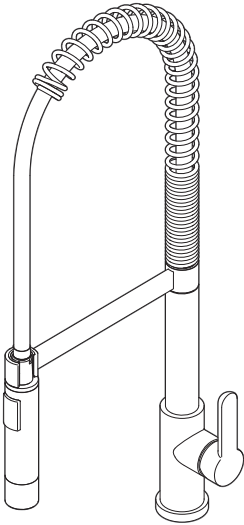

Accessories

Just like our sinks, our faucets come with optional accessories that enhance their functionality.

	Brushed nickel	306215	\$ 917

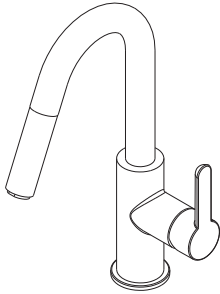

- Made in Italy
- Solid brass construction
- Available in two finishes
- Double hole installation
- 110° swivel spout
- Pull-down dual jet spray head
- Locking spray jet mode
- Descaling system, for easy cleaning
- 7" projection
- Backward (30°) and bilateral (45°) lever handle rotation
- Braided stainless steel water supply hoses 18" long, with 3/8" fittings
- 2,2 gpm (8,3 L/min.) flow rate aerator
- Ceramic cartridge
- ASME A112.18.1 / CSA B125.1 (pending)
- NSF / ANSI 61 compliant, low lead content
- ADA compliant

À la Carte options

À la Carte options

Installation type	Option	Price
Undermount with apron flat	UAF	\$ 720
Undermount with apron curved	UAC	\$ 720
Topmount / Flushmount ⁽¹⁾	TF	\$ 675

1. Please note that all these sinks come with at least one standard 1 1/2" diameter hole. Refer to the option "Hole(s) for faucet and accessories" in the "À la Carte" tab to determine its position.

Hole(s) for faucet and accessories ⁽²⁾	Option	Price
Far left hole	HP1	Free
Center left hole	HP2	Free
Center hole	HP3	Free
Center right hole	HP4	Free
Far right hole	HP5	Free

2. Depending on the width of the sink, some hole positions may not be available. Please refer to the "À la Carte" tab

ADA	Option	Price
Bowl(s) depth 6"	ADA	Free

Divider	Option	Price
1" wide, 1" from the top of the bowl	DV1	\$ 650
1" wide, 3" from the top of the bowl	DV2	\$ 750
4" wide, 3" from the top of the bowl ⁽³⁾	DV3	\$ 850

3. Please note that this type of divider will add 3" to the overall dimensions of your bowl, which will probably affect the size of your cabinet.

Built-in drainboard	Width	Option	Price
Left built-in drainboard	12"	DB112	\$ 825
	18"	DB118	\$ 925
	24"	DB124	\$ 1,025
Right built-in drainboard	12"	DB212	\$ 825
	18"	DB218	\$ 925
	24"	DB224	\$ 1,025

Built-in drawer ⁽⁴⁾⁽⁵⁾⁽⁶⁾	Option	Price
Left built-in drawer	DW1	\$ 525
Right built-in drawer	DW2	\$ 525

4. Please note that adding a drawer will add 3 1/2" to the overall dimensions of your bowl, which will probably affect the size of your cabinet.

5. Built-in drawer may not be available if option "topmount/flushmount" is selected. Please refer to the "À la Carte" tab.

6. When the ADA option is selected, it is not possible to add a built-in drawer.

Position of the drain(s) – Single bowl ⁽⁷⁾	Option	Price
Rear left corner of the bowl	DP1	\$ 200
Rear right corner of the bowl	DP3	\$ 200
Center left of the bowl	DP4	\$ 200
Center of the bowl	DP5	\$ 200
Center right of the bowl	DP6	\$ 200

Position of the drain(s) – Double bowl ⁽⁷⁾	Option	Price
Center of the bowl	DP55	\$ 200

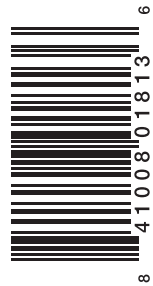

7. Please note that if you move the drain, the grid recommended for your sink will no longer fit properly. Contact customer service to order your custom grid.
