**Warmup**<sup>®</sup>

The world's **best-selling** floor heating brand™

# Who is Warmup

20 years ago, Warmup set out to become the world's most trusted provider of innovative underfloor heating solutions.

Our strategy focuses on the creation of the best products, best service, best warranties and the harnessing of the most advanced information on product safety and capabilities through proprietary research & development.

The combination of heating wire with fluoropolymer coating (on the inner wires and the outer protective jacket) and thermostats are patented, trademark protected, designed and owned by Warmup.

We now occupy a world leading position in our field, selling more than 2 million systems in over 60 countries.

# Getting Started with Warmup

Be the one to promote the heated floors option. Warmup offers solutions from comfort heat to primary heating. If you don't ask, they won't buy. Rest assured, we'll make it an easy process.

## Quote

FAX: (888) 927-4721      EMAIL: [ussales@warmup.com](mailto:ussales@warmup.com)

TEXT: (312) 498-8616      CALL: (888) 927-6333

You can submit a fax or email us with anything good enough to describe your project.

From a set of blueprints to a few notes on a napkin, we've seen it all. Don't be shy, send it over.

Smartphones: Take a picture of the room, the blueprints, or your sketch and send it to us by email or text and we will dispatch it to your area sales manager.

We'll complete a detailed installation plan for you within 24 hours. Just let us know whether you want a quick price over the phone, or a detailed review of your project.

## Ask

Call us at (888) 927-6333. We don't have a fancy answering service, but we have real friendly people. They'll answer your questions or connect you with your local sales person right away. Email us about your project at [ussales@warmup.com](mailto:ussales@warmup.com) and we'll connect you straight to your local Warmup office.

## Order

Call, fax or email. We're never too busy to take your order. If it's your first time, we'll get you set-up same day and make sure your order is dispatched promptly.

# Turn your bathroom into a Spa Bathroom

## 4iE® Smart Thermostat

- Smart features: suggests ways for you to save energy

# Affordable Spa Bathroom Upgrades

**powered by Warmup.**

20 years ago, Warmup set out to become the world's most trusted provider of innovative underfloor heating solutions.

Our strategy focuses on the creation of the best products, best service, best warranties and the harnessing of the most advanced information on product safety and capabilities through proprietary research & development.

The combination of heating wire with fluoropolymer coating (on the inner wires and the outer protective jacket) and thermostats are patented, trademark protected, designed and owned by Warmup.

We now occupy a world leading position in our field, selling more than 2 million systems in over 60 countries.

# Electric Towel Warmers

Warmup's high quality stainless steel towel warmers are a cost-effective add-on to any bathroom. They are simple to install and not only do they warm and dry towels, but provide added heat to the room. Warmup Towel Warmers heat up to 145°F in under 3 minutes and connect straight to your light switch. Alternatively, combine them with floor heating and mirror defoggers on Warmup's 4iE® Smart Thermostat for full programming and home automation connectivity.

# Mirror Defoggers

Did you know you can resolve steamy bathrooms and fogged mirror for less than \$100? Warmup Mirror Defoggers connect straight to your light switch and activate in under 3 minutes. You can stick them behind almost any new or existing mirror and gain the comfort of a clear, fog-free mirror.

Warmup mirror defoggers are the little things that make all the difference.

- Available in 6 sizes
- Adhesive backed
- Easy to install
- Fog free mirror in seconds
- Fits most mirrors
- Low running cost
- Connects to existing light switch or your 4iE® Smart Thermostat

#### Mirror Defoggers

# Floor Heating

Warmup floor heating is more than a bathroom luxury. For under \$500, it is a tested, proven and reliable heat source in any bathroom, replacing wall-heaters or baseboards. Our heated floors come with over 20 years of experience, R&D and 2 million applications worldwide. That's over 4 million warm feet! Radiant heated floors are the healthiest way to heat a space. They provide complete design freedom and require zero maintenance. With our SafetyNET Guarantee and 30-Year product warranty, you can choose Warmup with confidence. Go ahead and Warmup your floor™

# Enjoy the comfort of toasty toes every morning, every day.

The Warmup StickyMat system is a series of small 3ft wide mats aimed for bathroom installations under tile & stone. StickyMats are dual-adhesive with double sided tape, as well as a pressure-sensitive adhesive on the entire mesh allowing for a fast set-up. They can be combined and patch-worked into the room to customize the coverage.

Each mat is built with a dual-conductor cable with a single power cord to connect to the thermostat.

StickyMats are available in 3x3, 3x5, 3x6, 3x8 and 3x10ft.

- For fast installations in bathrooms
- Glass fiber-mesh with pressure sensitive adhesive
- Ultra-thin dual core heating cable
- 5 sizes for all layouts
