TERMS & POLICIES

OUR PROMISE

The Classic Brass family take a great deal of pride in the products produced by our American craftsman. We offer a lifetime guarantee on the material and workmanship of our products. Our handcrafted WAX finishes performed on our solid brass or bronze products as known as a “living finish” which means it will change with time, touch, climate and care techniques. Our finishes shipped with a lacquer coating are guaranteed for a period of one year from date of receipt. We will refinish at our expense all products returned that we deem to be a defective finish.

Due to the fact each product will be exposed to a varying set of conditions, we do not warrant the finish of our products except as stated above. Repeated handling and use will result in an inherently beautiful and graceful finish desired by the finest residences across the world.

We require the original Purchase Order No. to receive a Return Goods Authorization.

Classic Brass will repair or replace the defective product or parts that fall within these guidelines. If material is determined to be defective, the limit of damage is the price of the defective material. Classic Brass will not be liable for any labor charges regarding the removal or reinstallation of the products, transportation costs or associated handling expense related to the product. Defects or damage deemed to have been caused by accident, misuse, abuse or improper installation are not covered by this warranty. Surface scratches and wear are not manufacturing defects but are indicative of normal wear and tear. Classic Brass will be the sole interpreter of the above warranty.

CARE FOR WAX FINISHES

The beauty of our finishes are a result of the environment they are installed coupled with the level of use and exposure to factors such as salt spray and UV.

Please apply the clear paste and let dry. Using a soft cloth to remove the dried wax and shine the part to level of desired brightness. We recommend using a soft bristle brush to remove any excess/dried wax from low ground or detail (i.e. coin, rope, etc) that may be hard to remove with a cloth.

We recommend applying the wax every six months.

CARE FOR LACQUER FINISHES

We recommend that you maintain lacquer coated products with a mild soap, rinse and dry thoroughly.
