

621 Avento

Building on the award winning 620 Avant design from last year, Avento offers a freestanding solution while still providing the same integrated finger pull in brass combined with a single row of drawers and open shelf. Like all other designs, Avento is available in sizes from 24-72" with multiple configurations available in each size. Offered in 8 metal finishes and 50+ panel finishes.

Shown here in Antique Brass with Ottawa Beige Fenix Panels and Black Fenix Countersink.

401 Frameless Medicine Cabinet. Surface mount and Recessed Versions available. Custom Sizing is also available. Interior of cabinet matches finish of the vanity. Interior and Exterior Lighting options available on surface mount.

06 Configuration feature 3 drawers with the center drawer modified for plumbing. Shown here with optional Walnut Drawer Upgrade and Glass Divider options.

Black Fenix Countersink with TROUGH54 sink shape. Fenix countersinks are available in 3 edge thicknesses, 7 sink shapes and are available in custom sizes from 24-84".

Shown here at 30"
Available in sizes from 24-72"

621 Avento Starts at \$5000.00 list
in a 24" size

505 Josie

Our version of Midcentury Modern, Josie is available in sizes from 24"-72" with multiple configurations available in each size. Metal finish availability is limited to our brass finishes, polished nickel and oil can. Wood finish availability is all Category A and B-Wood finishes as well as custom paint color matches.

Shown here in Satin Brass and French Walnut with Guildstone Countersink.

Legs are made by hand one at a time by our craftsman. Each leg angles 2 different directions.

Josie has 3 full working drawers and only 5" of space for an undermount sink. 2.0 Minimum countertop edge required.

Interior comes standard with matching finish. Edge pull and glass dividers as shown are solid separately

505 Josie includes 4 metal legs and metal trim that wraps around each fully inset drawer. Wall mounted versions without legs are also available.

292 Henley

Shown in 0336 Configuration in White Gloss and Polished Nickel with optional recessed square knobs. Henley utilizes our popular configuration set with double drawer pullouts behind non sink doors. Henley is available in sizes from 24" - 72" with multiple configurations available in each size. Metal finish availability is limited to our brass finishes, polished nickel and oil can. Wood finish availability is Category A and B-Wood finishes as well as custom paint color matches.

Shown here in A30 White and Polished Nickel with Bianco Quartz Countertop.

Double drawer pullouts are featured on non-sink cabinets and on right/left on 03/04 configurations.

Henley includes 1/4" wide metal trim detail on doors with matching trim detail around base. Square cap feet are optional.

Standard metal trim detail shown here in Polished Nickel with optional Recessed Square Knob.

Henley features full height doors all the way across but drawer pullouts are integrated into each piece to maximize look and storage.

600 Series MB Metal Bases

Metal Bases can now be added to all of our wall mounted 400 series designs providing a freestanding solution. Metal Bases are available in 2 heights and 4 designs to provide different looks. 8 metal finishes are available including the new Polished Stainless and Brushed Stainless.

Shown here 405-0548 Avalon in B57 Milk Oak with MB3-4814 in Oil Can.

MB1

1" x 1" square profile with sled style base. Shown at 14"H to fit under standard 20" Avalon. Finish shown is Oil Can.

MB2

1/2" x 2" rectangle profile with wide side facing forward. Shown at 7"H to fit under standard 27" Riva. Finish shown is Burnished Brass.

MB3

1/2" x 2" rectangle profile with thin side facing forward. Good option for simulating Alton look. Shown in Oil Can finish.

MB4

1" x 1" square profile with shelf. This design is only available in 14"H and is suitable for all standard designs measuring 20"H. This piece comes in 6 different price points depending on metal finish and shelf finish selection.

605 Paxton

Building on our popular Winston design, Paxton provides 2 working drawers for maximum storage and gives a wall mount option for the popular design. Available in all metal finishes and all B, C, and D wood finishes.

Shown here in a New finish, Polished Stainless Steel and B42 Granite Walnut with Guildstone Top.

Paxton features 1" x 1" square profile that run around each drawer and around the side. The corners are welded and sculpted by hand then polished to perfection.

2 working drawers to maximize storage with 5.75" H space for undermount sink space to maximize compatibility with all of our countertop programs.

Drawers are fully inset into the metal frame. No applied metal detail here. The outer visible frame is the structure of this design.

Like our Winston design, grain direction on Paxton runs horizontally around the sides and the front.

Fenix Countersink

New countertop program featuring Fenix NTM nano tech material.
Fully integrated countersink
Sizes from 24-84"
Edge thickness in 0.5", 2.0" and 4.0"
