## Barn Door Hardware Double Door Option for Stainless Steel

The initial run of October 2018 Emtek Door Hardware Price Books includes several errors, as they relate to the new line of Barn Door Hardware.

### On Page 145:

The drywall thickness specs for the Anti Crush Plastic Spacers should be 1/2" and 5/8", not 3/8" as currently stated.

### On Page 148-149:

The Double Door option (DD) for additional hanger kits in Stainless Steel (SS) should be \$450, not \$250.

These changes have been applied to the Price Book PDFs on the website and will be adjusted for the next round of printed Price Books. Please also see revised addendum.
