\*\*Quick Ship does not affect/replace normal freight costs. Quick Ship just gets your tub's manufacturing **lead time** reduced\*\*

# KEY OPTION REFERENCE GUIDE

**LINEAR DRAIN** – creates a sleek & stylish look while giving the bather one additional inch of soaking depth vs normal drain

**HYDRO FUSION** – a circulation heater that can be added to any drop-in tub. Designed to operate with virtually no water movement while offering an endless supply of warm soothing water to prolong the bathing experience

**MICRO MOUNT** – reduces the lip of your drop-in bathtub by ½” to allow for easier entry/exit and a more stylish, less obtrusive look

**INTEGRAL TILE FLANGE** – available on select non-oval tubs. Please specify which sides flange will need to be added to

**TUB COLOR** – we have many standard colors to choose from or you can request a custom color. You can also choose to have a dual finish with the inside and outside of the tub in two different colors

**TUB FINISH** – choose to have your tub with a polished finish (standard) or matte, choose a combination polished/matte finish, or even add a metallic finish to the outside of your tub

**HYDROZONE** – like bathing in bottled water. Introduces natural ozone to the water when you run the Hydrotherapy system which immediately sanitizes and cleanses the water

**CUSTOM PUMP LOCATION** – customize the location of the pump to fit any installation need (include drawing)

**CUSTOM JET TYPE, QUANTITY & LOCATION** – pick and choose exactly how many jets you want, where you want them located, and what type of jet (standard, jumbo, therapeutic, swirling for any whirlpool tub)

**INDULGE**- infuses water with millions of micro sized oxygen rich micro bubbles to help cleanse, heal, and restore skin. Improves collagen production that can help reduce wrinkles and even ease symptoms from several skin disorders

**MOLDED ARMRESTS** – choose the location and amount of integral armrests to customize your tub

**QUICK SHIP** – move your order up the front of the line to get it manufactured quicker, does not change any additional freight costs

**HYDRO BLANKET** – integrates customized radiant heat panels into the structure of the bathtub in specific zones that are controlled by a keypad

**SKIRTS** – we can add as many skirts as you'd like to a drop-in tub so that you can create your own style or make it fit any application. Seamed or seamless, the opportunities are endless – peninsula, corner, freestanding – if you can dream it, we can build it

**CHROMATHERAPY** – utilizes different color light cycling throughout your bathing experience to help create changes in both your mental and physical well being

**BACK MASSEUSE** – electronic (shiatsu) or manual, this 6-jet system allows you to sit back and have a back massage while in your tub

**NECK MASSEUSE PILLOW** – similar to the Back Masseur, but for the neck, while you lay your head on a soft pillow. Choose 3 speeds depending on your needs

## OTHER KEY POINTS

**RGA POLICY** – standard RGA restock is 35% on standard product

**OTHER AVAILABLE PRODUCTS** – bathroom & laundry sinks, shower pans, towers to match your tub, pet spas, walk-in-tubs
