Special Ordering Instructions

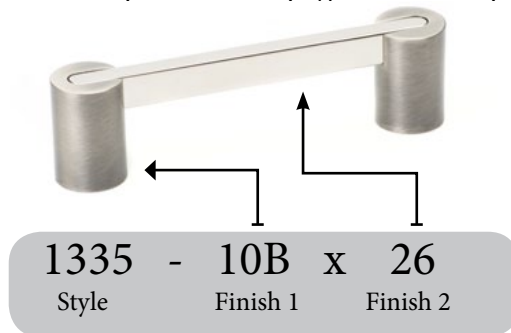

All finishes and codes are provided on page 2-3 of this price list.

EXAMPLE:

Split Finish Brass Cabinet Hardware

To order a "1335-10B x 26" cabinet pull with two different finishes ("split finish"):

When ordering split finish (combination of two finishes) items, FINISH 1 always refers to the part of the item that touches the mounting surface and FINISH 2 always refers to the accent color.

Finish 1 touches mounting surface

EXAMPLE:

Single Finish Architecture Pulls, Bath Accessories and Towel Bars

Be sure to include the type of mounting you want - through-bolt (T), Surface mount (S) or Back to Back (BxB)

To order a "246S-10-26D 12" OA" large pull in a single finish:

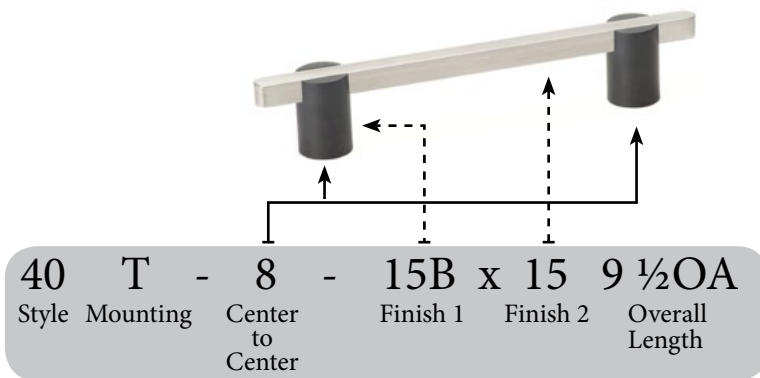

EXAMPLE:

Split Finish Architecture Pulls, Bath Accessories and Towel Bars

To order a "40T-8-15B x 15 9 1/2" OA" large pull with two finishes ("split finish"):

When ordering split finish (combination of two finishes) items, FINISH 1 always refers to the part of the item that touches the mounting surface and FINISH 2 always refers to the accent color.

Finish 1 touches mounting surface

EXAMPLE:

Custom Switchplates

To order a "6001-1D3T-20" Colonial Style with (left to right) a duplex, and three toggles:

6001-1D1T1T1T-20
gets simplified to:
6001-1D3T-20

OR

6001	-	1D	1T	1T	1T	-	20
Style		First Box	Second Box	Third Box	Fourth Box	Finish	
6001	-	1D	3T			-	20

In 1917, two brothers emigrated to the USA intent of using the precision tool making abilities they learned as apprentices in their native Switzerland, and in 1927, they started Colonial Bronze.

They worked only in solid brass because of its inherent quality and soon established their new company as the leading manufacturer of cabinet and architectural hardware. Each piece was finished by hand - made with the same attention to detail that Swiss watchmakers give to their timepieces.

That tradition of quality continues today. For three generations, Colonial Bronze has made hand-finished, solid brass, decorative and architectural hardware of exquisite quality. From traditional to Mid Century to cutting edge contemporary designs, Colonial's American-made, 94% recycled content products are without peer.

Add the Antimicrobial Power of Silver to protect your new hardware!
SANIGUARD protection is available on any item in any satin or distressed* finish for a 18% upcharge to the base price of the item

To add SANIGUARD[®] Protection to your products, simply use the finish codes below instead of the regular finish codes. The leading "G" before the regular finish codes will tell us you want SANIGUARD[®]

All SANIGUARD[®] finishes are 18% upcharge from the standard finishes. To price your selection, simply take the price of the item in the finish you want, and add an additional 18%.

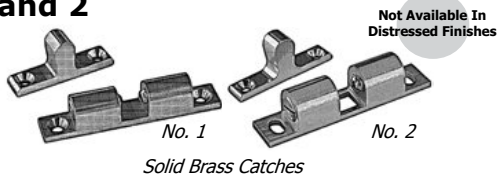

Example: 143 knob in satin chrome (143-26D) has a list price of \$16.53 - To order the same item with SANIGUARD[®] protection, change the finish code to **G26D** and the new item is 143-G26D, now list priced at \$19.53

SANIGUARD [®] Finish Codes	Finish Description	SANIGUARD [®] Finish Codes	Finish Description
G4	Satin Brass	GD15B	Distressed Pewter
G5	Antique Satin Brass	GD19	Distressed Black
G10	Satin Bronze	GD20	Distressed Light Statuary Bronze
G10B	Oil-rubbed Bronze	GM4	Matte Satin Brass
G11	Antique Copper	GM5	Matte Antique Brass
G15	Satin Nickel	GM10	Matte Satin Bronze
G15B	Pewter	GM10B	Matte Oil-rubbed Bronze
G15CC	Nickel Stainless	GM11	Matte Antique Copper
G19	Satin Black	GM15	Matte Satin Nickel
G20	Light Statuary Bronze	GM15B	Matte Pewter
G20A	Dark Statuary Bronze	GM19	Matte Satin Black
G26D	Satin Chrome	GM20	Matte Light Statuary Bronze
GSCU	Satin Copper	GM20A	Matte Dark Statuary Bronze
GD5	Distressed Antique Brass	GM26D	Matte Satin Chrome
GD10B	Distressed Oil-rubbed Bronze	GMSCU	Matte Satin Copper
GD11	Distressed Antique Copper	GS10B	Heritage Bronze

*SANIGUARD will reduce the luster of highly polished finishes and is not recommended for Polished Brass, Polished Chrome, Polished Nickel, Polished Copper or Polished Bronze finishes

Finishes NOT lacquered or otherwise clear coated are NOT available with SANIGUARD[®] coating. Examples of such finishes are 3A, 4A and 10BU.

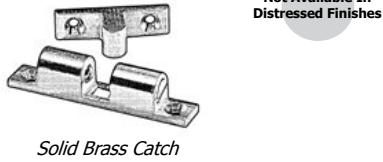

1 and 2

Terms and Conditions of Sale

Terms

- Net 30 days.
- Interest at a rate of 1.5% per month on invoices over 30 days may be applied.
- Past due accounts will be placed on "HOLD." No orders will be processed nor shipments made until the account is brought within terms. In addition, work on existing orders on the factory floor will be suspended.

Prices

- Subject to change without notice. Orders will be billed at price in effect when the order is received, except for written quotes specifying otherwise.

Setup Fee and Per Inch Pricing

- A \$85.00 net set-up fee applies for custom-made items manufactured in size increments other than half-inch or inch increments. The set-up fee also applies for custom projections. When computing per-inch prices, the overall length, rounded up to the nearest whole inch, determines the price of the item. **Please keep in mind that custom items that are BELOW the overall length of the shortest standard length may still cost more due to the custom nature of the manufacturing process.**

Minimum Invoice

- No minimum invoice. We will ship as few as one piece with no minimum charge.

Quick Ship Program™

- All the Quick Ship items listed on pages 44-53 ship within ten days of your order. Please see our QSP brochure for additional details.
- Please submit a purchase order for QSP items separately from any other items you may be ordering. You may order as many as 100 pieces of cabinet hardware, 15 pairs of pivot hinges, 4 appliance pulls or 10 switchplates at a time; quantities greater than these specified amounts will be shipped within our usual lead time.
- If you have questions about how the Quick Ship Program™ works, call 800.355.7894 and dial extension 150 for Customer Service.

Shipments

- Ground freight will be pre-paid on all orders over \$1500.00 net; other shipments are F.O.B. Torrington, Connecticut.
- Shipments to Alaska, Hawaii, and points outside the United States: Freight-prepaid shipments will be forwarded at our expense to the nearest continental port of embarkation; other shipments are F.O.B. Torrington, Connecticut.
- Note that "signature required" fees will be applied to all residential shipments unless arrangements are otherwise made in writing.
- **Purchaser assumes full risk for loss or damage in transit upon our delivery to the carrier. Claims for damage must be filed with the transportation company.** Colonial Bronze retains the right to designate carriers, and will not accept any additional handling or storage charges.

Finishes for Appliance Pulls and Large Custom Hardware

- Items to 30 inches in overall size are available in every finish. Call the factory for quotes on items larger than 30 inches.

Finish Care

- To properly clean your finishes, use a soft, damp cloth. Liquid dish washing soap can be used if needed. Do not use abrasive cleansers: they will scratch the protective coating, damage its clarity and void your tarnish-free warranty.

Returned Goods Policy

- RGA must be requested **within sixty (60) days** of the invoice date for the product being returned.
- Upon request, a Return Goods Authorization (RGA) will be faxed or emailed to you. A printed copy of the RGA must accompany the goods being returned before credit can be issued.
- The RGA number must be written on the outside of the shipping box.
- All authorized returns, except for customer cancellations, must be sent via UPS using UPS return labels that Colonial Bronze will send you via your email address.
- Upon our receipt of item returned pursuant to an RGA, Colonial Bronze will issue you a credit. **Do not deduct credits to which you believe you are entitled from your payments of outstanding invoices. Doing so will delay proper crediting of your payments.**
- **IMPORTANT: If merchandise is damaged in return shipment due to improper repackaging, no credit will be allowed, regardless of the reason for its return.**
- For returns other than defective merchandise, a 25% restocking fee will be charged; for split finish items, a 50% restocking fee will apply.
- **Items manufactured to your custom dimensional specifications, including switchplates with custom configurations and bull nosed pulls, cannot be returned.**
- Orders for individual pieces or samples cannot be returned.

Cancellation Policy

- Orders for items with custom dimensional specifications, including custom switchplates, can only be cancelled within 48 hours of the time you receive confirmation of your order. Cancellations received after 48 hours will be subject to a 20% fabrication fee because the order will have been released to the factory floor.

Limited Lifetime Warranty Information

- All Colonial products are protected by the Finishes for Life™ protective clear coat unless otherwise noted in our catalog, or unless specifically requested otherwise. If a finish is requested to be produced without a protective clear coat, such as 3A, 4A and 10BU, the Lifetime Finish warranty is not applicable.
- We warrant to the original purchaser that any product protected by the Finishes for Life™ protective clear coat will be free from tarnishing, discoloration, and pitting for the life of the product, subject to normal wear and tear. Should any product covered by the Finishes for Life™ protective clear coat fail, we will, at our option, repair or replace it.
- These warranties apply only to interior use of Colonial Bronze products and do not extend to the use in an exterior setting (see Note 1 below). Failure to follow the Finish Care instructions above will void your warranty.
- **Our obligation extends solely to the repair or replacement of the hardware and does not extend to costs of removal or reinstallation.**

¹ No agent or representative of Colonial Bronze Company has the authority to: waive, alter or supplement these warranties; make any representation or warranty not contained herein; or extend these warranties to other than the original end user of the product.

Colonial Bronze is not liable for indirect, incidental or consequential damages with the use of its products. This limitation includes, but is not limited to, the cost of removal and/or reinstallation, shipping damages, damages occurring during or after installation or removal, damages from chemical use or improper cleaning or polishing agents, and damages from careless handling.

These warranties are given expressly and in place of all other expressed or implied warranties of merchantability or fitness for a particular purpose. Please note that some states do not allow limitations on incidental or consequential damages, so the above limitation may not apply. These warranties give you specific legal rights, and you may have other rights which vary from state to state.

Q & A

The Answers to Your Most Frequently Asked Questions are Right Here!

Doors and drawers are different thicknesses and will probably need different size screws to mount the hardware. When I order hardware from Colonial, will I get all the right size screws I need?

When you get your Colonial hardware, you will notice that every piece of hardware we sell comes with two size screws for every threaded hole - we send you both 1" screws for your cabinet doors and 1 3/4" for your cabinet drawers. We also give you lock washers to keep your new hardware securely fastened to your cabinets. These lock washers do a great job of keeping knobs with an orientation - like ovals and squares, for example - straight and neat.

Do you really make all of your own products in the United States?

Yes, we do. Every single part we sell is made in our Torrington, Connecticut factory by American craftsmen and women who are still proud of the manufacturing heritage that made this country great.

I want to know that I am using environmentally responsible products. How Green are your products? Can you prove that your products are Green?

All Colonial's products are certified to contain 94% pre-consumer recycled material Scientific Certification Systems, the global leader in third-party environmental certifications. As a result, use of Colonial Bronze products will contribute up to two points towards LEED® Green Building System certification under Materials & Resources MR Credit 4: Recycled Content (LEED v3 -2009). We have the certificate to prove it.

Do you have a minimum order requirement?

We will sell you one piece of hardware if that's what you need.

What is a "living" finish and do you offer ones like unlacquered brass?

A living finish is a finish that is designed to develop its own patina through use over time, and we offer several, including unlacquered brass.

Do you offer appliance pulls?

Yes, we offer more variety of larger pulls suitable for appliances than anyone. And, you can decide how big (in diameter, ranging from 1/2" to 1") and how long (up to 30" overall) you want your appliance pull.

I was asked what style mounting (through-bolt or surface) I want for my appliance pull or towel bar. How do I know which one is right?

The easiest way to determine whether you need a through-bolt or surface mounting is to ask yourself, "Can I get behind the surface I am mounting the hardware on to get a screw into it?" If the answer is "No," then you will need to specify a surface mount for your hardware. If the answer to the question is "Yes," then a through-bolt mount is the right one for you. See page 49 and 50 of this book for more details and illustrations.

What's the difference between the #300 pull and the #500 pull?

The difference is simply the style of post that supports the bar. The #300 pull, a more transitional style, has a flared leg, and the #500 is more contemporary and has a straight leg.

Sometimes it's easy to tell when a company stands out from the competition.

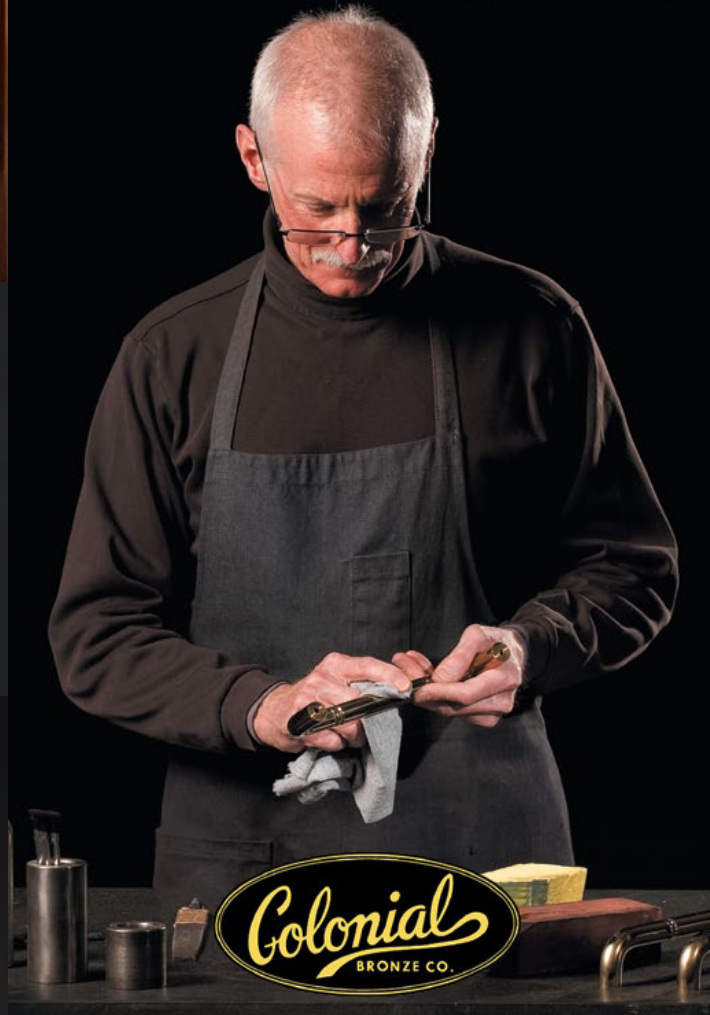

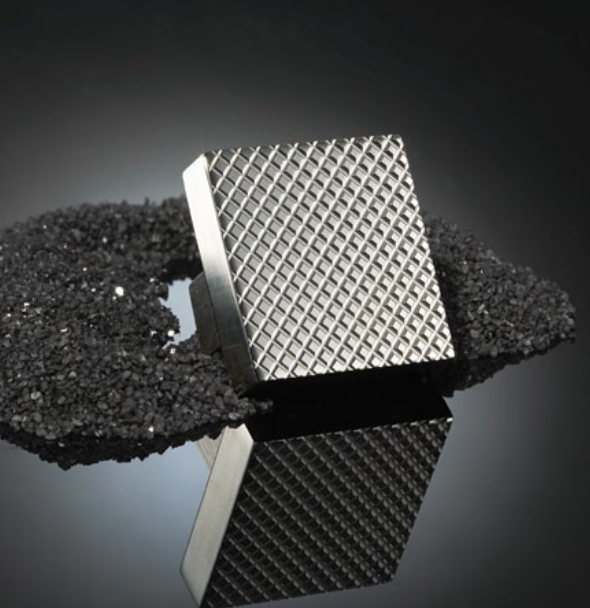

Only Colonial Bronze offers

- Custom manufacturing capability
- A Lifetime Warranty in writing on all of our finishes, covering tarnishing, flaking, pitting and discoloration
- Hand-Finished, solid brass hardware made in the USA
- Hardware that is made from 94% pre-consumer recycled material - certified by Scientific Certification Systems, a leading auditor of environmental claims
- Antimicrobial product protection featuring SANIGUARD® ionic silver coatings

For 90 years, Colonial Bronze has produced the finest cabinet and architectural hardware available. Unlike our competitors, we DON'T import finished hardware from Asian countries - we never allow anyone else to be responsible for the quality that bears the Colonial Bronze name. We control every aspect of our production and the level of quality that goes into our products.

When you order hardware from Colonial Bronze, American craftsmen and women will do their best to deliver the finest products you can find anywhere.
