HERITAGE & EXPERIENCE

- Over 60 years as ventilation manufacturing specialists
- Global knowledge & perspective as a worldwide supplier
- Over 55,000 units sold weekly worldwide
- High quality Italian-made craftsmanship
- European tradition of style, design and function
- Best in class after sale customer care & support
- Award winning range hoods
- A passion for moving and understanding air flow is part of Faber's DNA
- An understanding of how to eliminate cooking contaminants for a healthier home

EXCEPTIONAL FEATURES

- Superior fit, finish and performance
- Super quiet, high efficiency motors
- High quality dishwasher safe grease filters
- Performance tested in-home for the best performance
- Certified top quality standards met and exceeded
- Broad selection of products to match ventilation needs
- Styles and sizes to create better design solutions
- EasyCube mounting system - exclusive, adjustable mounting system for easy installations
- Adjustable chimneys - 8 to 11 foot ceilings
- High ceiling kits available to add 2 additional feet
- Ductless kits provide all parts needed in one kit
- Off the shelf availability
- EasySnap insert hood system
- Direct rear venting available
- Make-up air models

GREEN FOCUSED PROCESSES

- Rangehoods and packaging are fully recyclable
- Recycling & energy reduction programs at factory
- Low energy consumption (\$10 per year in electricity)
- ISO14001 compliant (environmental certification)
- Member of US and Canada Green Building Councils

2019 NEW MODELS & UPDATES

VAM (Variable Air Management)

Adjusting CFM's to meet local building codes is easy with the new **Variable Air Management (VAM)** feature on certain Faber models. VAM aids in helping the installer set the speed **permanently** to a lower CFM based on local make up air codes. Our exclusive VAM technology allows you to adjust your hood to the most common **CFM levels: 295, 395 or 600** class performance. VAM is pre-installed in 13 models and with a few simple pushes of the control buttons the hood is programmed and permanently set to the CFM level for your market.

Note: Always check local make up air code requirements.

Note: Use can also use your own in-line blower, purchased separately, rated 4.2 amp maximum suitable for use with solid state variable speed control. FLANGE10 would be required with this installation

Faber Facts - Seamless Island Chimneys

Faber seamless chimneys

Other chimneys with seams

Faber island hoods have upper and lower chimneys with seamless single piece construction for easy installation and a clean look. Other brands use multiple chimney parts with extra seams which adds installation time.

INCA PRO PLUS Pro Liner Range Hood (Choose your CFM - Internal or Remote Blowers)

* Use your own in-line blower, purchased separately, rated 4.2 amps maximum, suitable for use with solid state variable speed control. If you are using your own remote blower with this hood, you need to order the **INLBKIT** to connect to the hood

Faber Facts - Easy Snap Installation Clips

EasySnap ready to install

EasySnap tightened

The Easy Snap clip system by Faber is an exclusive technology to make installation easy on cabinet mounted hoods. With the simple turn of a screw the clip "bites" down on the wood inside the cabinet for a quick and easy installation. Available on all Inca models and Cristals.

Faber Facts - Faber Technologies

FILTER1LL - Long Lasting Charcoal Filter

- A Faber first! Wash and recharge charcoal filters up to 8 times
- Lasts up to 4 years vs. the normal charcoal filter that lasts 6 months

Vari-Duct - Adds Ducting Flexibility to Your Installation!

- Look for the "Vari-Duct" phrase in the price book
- Duct up (vertical) or rotate the blower to the back (horizontal)
- Reduce ducting when on an outside wall and improves performance

FABER FACTS - ACCESSORY GUIDE (PAGE 1)
