

March 2, 2020

Dear Valued Customer,

At House of Rohl®, we are committed to providing luxury kitchen and bath products that allow our customers to tell their own story of a life well crafted.

We are excited to inform you of the launch of the Parabola™ Collection by Riobel® on March 2, 2020.

Parabola™ Collection

The true jewel of the bathroom. The collection draws inspiration from a parabolic surface - the only surface that allows focusing of multiple elements into a single point. The result is an innovative yet simple aesthetic that highlights the collections geometry through elegant curves, creating a unique profile and bathroom focal point that maximizes the reflection of light in the surrounding environment. Each configuration offers an effortlessly superior experience and look, seamlessly unified throughout the collection with one key feature, the parabola.

In addition, we are expanding the offering of our Black finish to the following Riobel® Collections:

- GS
- Kubik
- Paradox
- Shower

Attached you will find:

- Parabola™ Collection sell sheet for a quick visual presentation of the full offering
- Price Book Addendum outlining available product configurations, list prices and technical dimensions
- Excel Pricing File containing the following:
 - All new Parabola™ products
 - Black finish SKU line extensions for GS, Kubik, Paradox and Shower

Thank you for your continued support.

Sincerely,

Chad Rogers
Vice President of Sales, House of Rohl
