

hansgrohe

NEW

Decorative Finishes for the Kitchen.

Allegro N, Focus N and Talis S² collections now available in bold, elegant PVD finishes - Brushed Black Chrome and Brushed Gold Optic.

hansgrohe. Meet the beauty of water.

Why Hansgrohe

"Made by Hansgrohe" also means: "Designed for Life." With the art of German engineering and an eye for detail, for nearly 120 years we have been developing innovative products, technologies and functions to last a lifetime. Even when put to the test. Experience the difference clever ideas make. Cooking is more than a hobby; it is a true passion. It starts with choosing fresh ingredients, vegetables, herbs – and "the" most important ingredient: Water. Our new, state-of-the-art kitchen faucets are reliable tools to help fuel your passion in the kitchen for years to come.

Quality and Style

See what makes our kitchen faucets unlike any other.

MAGFIT SPRAYER PORT

Magnet-assisted sprayhead docking ensures an easy and secure fit with a quiet 20-inch nylon hose.

SWIVEL FUNCTION

All Hansgrohe main and prep kitchen faucets feature a 150° swivel area.

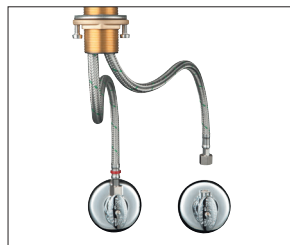

TWO SPRAY MODES

Most retractable sprayheads feature two-spray modes with silicone aerators and spray channels to prevent limescale build-up.

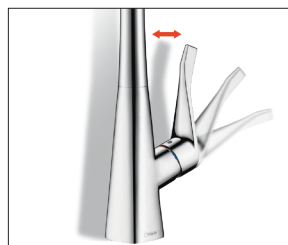

BOLTIC LEVER LOCK

Prevents the handle from becoming loose after repeated operation.

EASY INSTALLATION

The included 3/8" flexible connection hoses make it easy to install the faucet.

VERTICAL START POSITION

Permits installation even with limited backsplash area, and handle pulls forward to cold – to help prevent scalding.

Made-to-Order

Allegro N, Focus N and Talis S² collections are now made-to-order in Brushed Gold Optic and Brushed Black Chrome. Produced in four weeks or less, in any quantity you desire. Send orders to the custom inbox at custom-us@hansgrohe.com

Style Tip: Mix Metals in the Kitchen

When upgrading your kitchen, consider mixing complementary finishes as a way to add color and style to the space. Often a focal point in the kitchen, the faucet can act as the glue holding the color scheme together. Black Stainless Steel appliances with Chrome lighting and cabinet knobs can be balanced out with a hansgrohe Brushed Black Chrome kitchen faucet. A Brushed Gold Optic kitchen faucet creates a cohesive look with Gold cabinet knobs.

Left: Brushed Black Chrome coordinates perfectly with Black Stainless Steel appliances. Right: Gold pendant lights paired with a hansgrohe Brushed Gold Optic faucet for a flawless look.

Allegro N

Outstanding design and performance with value.
