TOUCHLESS PUBLIC RESTROOMS

TOUCHLESS PUBLIC RESTROOMS

Offer a Clean, Comfortable Experience and Help Protect the Environment

Today more than ever before, patrons want to decrease public restroom touchpoints as much as possible. From no-touch faucets and flush valves to automatic soap dispensers and hand dryers, TOTO's hands-free products give patrons confidence that their restroom experience will be clean, comfortable, and convenient. In addition, TOTO's stylish, high-performance sensor products save energy, water, time, and money without sacrificing an ounce of performance. Facilities around the globe choose TOTO's innovative sensor products for their public restrooms to offer patrons a clean, comfortable experience and help protect the environment.

ECOPOWER® FLUSH VALVES

Hands-free ECOPOWER smart-sensor flush valves for toilet and urinal are energy-saving, durable, and provide maximum performance in even the most demanding, high-traffic public restrooms. This self-powered hydroelectric flush valve system generates its power during use; every time water turns the internal turbine.
