**SONIA**<sup>®</sup>  
Your bath. Your universe

After more than 25 years in the bathroom sector, Sonia continues in the pursuit of excellence driven by our strong tradition in engineering and passion for design.

It is precisely this passion for our environment, society, different cultures and markets that makes us evolve. Always with the sensitivity to understand, learn, find and bring new solutions to you, wherever you are, and whom ever you are.

Therefore, we present the Universe Furniture catalogue, a tool that will allow you to discover all of Sonia's furniture in the most effective and comfortable way. More than 300 unique bathroom pieces, with a variety of possibilities, combinations, styles, finishes, sizes and with their own personality. A portfolio to help you develop and suggest emotions adapted to each and every lifestyle.

# HISTORY

**1980**

Ford Fiesta inside door handle.

**1989**

We are recipients of Ford's Q1 Certification.

**1990**

German leading brands such as Hansa, Hansgrohe, Grohe, and Dornbracht rely on our processes to produce some of their products.

## NEW COLLECTION

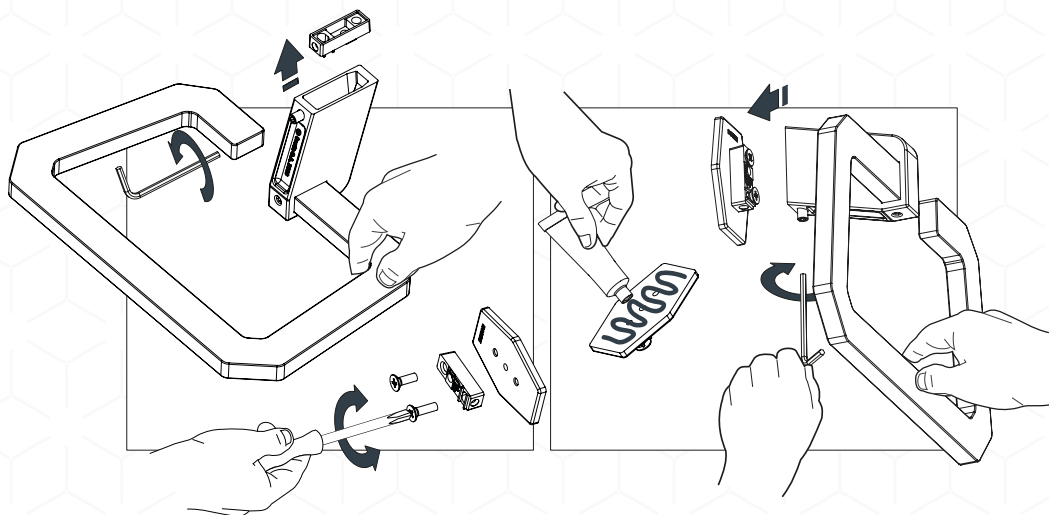

Luce symbolizes light in the bathroom. A new collection that includes an innovative new material in its design. Altuglass is highly transparent and resistant for every day use in the bathroom environment.

Each piece is hand crafted by cutting every piece into truly unique elements. The collection comes in three decorative finishes: Sport Black, Eighties Dark and White Linen. White Linen integrates in its matrix a natural linen fabric pattern that gives the piece that natural and homey appearance.

# QUICK

## NEW COLLECTION

Quick is bringing a new dimension of accessories to your bathroom. Concept based on modern life, practical, easy to install and comfort wherever you are in the bathroom. Multifunctional and flexible, Quick is the most versatile and complete collection in our portfolio. The concept goes well beyond the bathroom environment and offers ideas and solutions for storage and decoration in the rest of the home.

The laser-cut aluminum plates gives this series the highest water resistance. Its availability in three finishes, Black, White and Aluminum Steel, make this series combine in harmony with the rest of our collections.

## CONTRACT BATHROOM EQUIPMENT

Sonia's long history in industrial engineering provides a solid base for project support where specifications may require tailor made solutions. Our years of experience in this segment company supported by an internal development team is ready to undertake custom-made solutions for project customers. We also have a much more complete contract specific catalog focused on the professional, where you can find examples of projects carried out and where we explain the scope of our brand at the design and development level.

In this section you will find a selection of products among which we collect safety bars, shower seats, paper dispensers, soap dispensers, and baskets. Besides our own designs we work with world-renowned brands in this sector such as Mediclincs, Genwec or Jofel to offer a complete and dynamic catalogue with high quality-durability performance, necessary for this market.

For more detailed information, please download our Contract Space catalogue in the catalog section on our website [www.soniabath.com](http://www.soniabath.com)

# MAINTENANCE

## Care & Maintenance Bathroom Accessories

Sonia Accessories are known and admired for the long lasting quality and intense gloss in their finish.

In order to maintain your Sonia accessories with its brand new luster, it is important to follow some simple instructions:

- Use only neutral non-abrasive detergents.
- It is recommended to use a soft cloth, do not use abrasive cleaners, steel wool or pads.
- Do not spray cleaning agents directly on the accessories under any circumstance, spray on the cloth, since spray liquid can come into openings or holes of the products and cause damages.
- The use of steam cleaners is not recommended since the extreme high temperature of steam can compromise the integrity of the coating finish of the product.

## Furniture Maintenance

### GENERAL INFORMATION FOR ALL SURFACES:

The beauty and the life of our wood finish products will endure for years depending on the care they receive.

Sonia furniture is manufactured using materials ideal for use in an often-humid bathroom environment. Nevertheless, in bath design, it is always important to ensure the furniture is placed at a clear distance from your bath or shower to avoid continuous direct splashes of water and soap residue. When splashed with water, wipe furniture dry in order to minimize the risk of damage.

### CLEANING INSTRUCTIONS:

- We recommend cleaning with a soft damp cloth and a mild all-purpose cleaning agent. (Spray the cleaning agent on to a damp cloth and wipe the surface. Never spray directly onto the furniture).
- We advise against vigorous rubbing as this may cause stains and damage.
- It is very important to keep the cabinet surfaces dry. Wipe up spills immediately using a dry cloth with a "blotting" motion, rather than wiping the spill from the cabinet surface. Pay special attention to areas where water is common, such as the sink and dishwasher, and do not allow water and detergents to dry on the cabinet surface.

- Wipe with a damp cloth wrung in clean water to remove the cleaning agent and to avoid stains and stripes.
- Avoid using dry cloths and paper tissue for furniture with matt and high-gloss surfaces, as these may scratch the surface.
- Do not use abrasive cleaning agents or cleaning agents that contain ammonia, bleach or other strong solvents as these will damage the furniture.
- Avoid excessive moisture. This is one of the worst enemies of any finish. Avoid draping wet towels over cabinet doors. Do not attach towel racks to door interiors. Immediately dry off any areas where water has spilled.
- Avoid excessive heat. Avoid placing cabinet appliances where the heat is directed onto cabinet surfaces. The stability of the wood and finish can be negatively impacted.

### Final thoughts

Wood products and their finish are only as good as the care they receive. Proper care as recommended will extend the life and beauty of your cabinet. Remember, leaving water or other moisture on the cabinet surface for extended periods of time will harm the finish.

## **WOOD PRODUCTS**

A majority of our products are crafted from noble woods and various finishes. Because of the natural variations inherent to this natural material, minor differences in the look and finish are expected and are not considered manufacturing defects. We cannot guarantee an exact match on any of our products.

## TRANSPORT WARRANTIES

At Sonia we have a real passion for quality that is why we apply strict guidelines for each and every process, starting from the entry of the materials into our warehouses, all the way through to the shipment of the correctly packed goods. That way we can guarantee that our clients can continue to enjoy the beauty and quality of our products.

To facilitate this there is a time period, during the transport of the goods, where we will need your close collaboration in order to ensure the maximum quality of the products.

We expect you to examine the materials once you have received them in order to make sure that it was delivered to you in perfect condition, because we provide up to 48 hours to make a claim in case of damages:

1. If you are absolutely sure that the material was delivered in perfect condition, please sign the delivery note without any further remarks.
2. In the case of any issues, or if you are not able to properly examine the goods then please add the following text in the delivery note: "Damaged packaging".
3. In case of damage to the materials themselves, the delivery note should be marked with the text "Damaged goods".

By performing these easy steps, the transport agencies and the insurance companies will be able to respond quickly and effectively for any damage caused during transport, if not Sonia SA will not be held responsible for any replacement cost.
