ÉPOQUE

THE BEAUTY OF ART DECO

Époque is Sonia's geometric reinterpretation of Art Déco. A stylish contemporary piece of furniture with a dedicated washbasin integrated into the frame that creates a unique concept.

The frame is made of solid wood, with natural veneer wood color option or silk smooth lacquered paint finish. Noble materials that give the furniture a quality design and longevity. The natural oak finishes stand out in their different tones that enhance the classic and elegant character of the collection. The lacquers have been specially formulated to offer the maximum durability in the bathroom environment, maintaining the beauty and feel of the natural vein.

Equipped with large-capacity metal frame drawers and full extraction guides with soft-closing mechanism. The top drawer has an organizing tray to organize smaller items.

The solid surface countertop basin is made of natural quartz. The final coating, formulated with quartz nanoparticles and hardened resin, provides high hardness and durability in a perfect gloss or matte white finish.

MITTE

NOT INDIFFERENT

Bold and contemporary industrial urban style sums up Mitte's design.

An aluminum structure supports a two-drawer cabinet on which various types of washbasins and worktops can be mounted. The set is completed with a series of practical accessories that are attached to the frame for different solutions. A true original from Sonia to offer an "all in one" concept.

The cabinet is made of laminated high density fiberboard and comes standard with 2 soft closing drawers.

An integrated solid surface countertop basin or top mounted ceramic vessel sink present two options for a more personalized design.

The solid surface material is made from quartz, laminated and then enamelled. The result is a firm and compact surface, unaffected by water and perfect for bathroom use.

CODE

DISCREET AND SIMPLE EVERYWHERE

Code, with its sober and elegant façade, is our largest capacity compact solution. With three storage spaces in the 32" and 40" units it now has new metal, soft closing drawers and a push door for more comfort. Its discreet style and versatile design makes the Code an easy to fit into any bathroom environment.

The cabinet is made of high density fiberboard, laminated in lacquered and wood finishes.

Compatible with various ceramic washbasins and in particular with MX1, Sonia's unique mineral design washbasin, available in gloss (Marmo). Its asymmetric design in the 32" and 40" sizes has a large basin and generous dry countertop space.

MORE SPACE

Puzzle, the champion in small spaces. 20" of storage space in various new colors and two countertop options is the perfect solution for compact bathrooms and smaller spaces.

Despite its small size, the interior of the cabinet is segmented into 3 areas in order to make the most of every inch of its internal volume.

Integrated Solid surface, MX4 countertop basin in and matte white (Solid). Asymmetric sink arrangement allows good ergonomic use in a very small area.

Additional ceramic vessel bowl on compact stone countertop in 2 popular colors.

EVOLVE

THE BEAUTY OF ART DECO

The evolution of our furniture program is called Evolve; our designers have improved a highly versatile program, whose pieces merge and complement each other, creating a comprehensive solution whose beauty gives the environment a strong personal character.

Combine their three modules; choose between a variety of basins, ceramic or mineral marmo, give a touch of color to a module or to all of them, take advantage of the space of your drawers, doors, shelves and add a touch of glamour by applying a set of legs or the gold plated hand with Swarovski amber stone, enjoy the total transformation of your bathroom with your icon piece created by and for you.

CODE

NOT INDIFFERENT

Code, with its sober and elegant façade, is our largest capacity compact solution. With three storage spaces in the 32" and 40" units it now has new metal, soft closing drawers and a push door for more comfort.

Its discreet style and versatile design makes the Code an easy to fit into any bathroom environment.

The cabinet is made of high density fiberboard, laminated in lacquered and wood finishes.

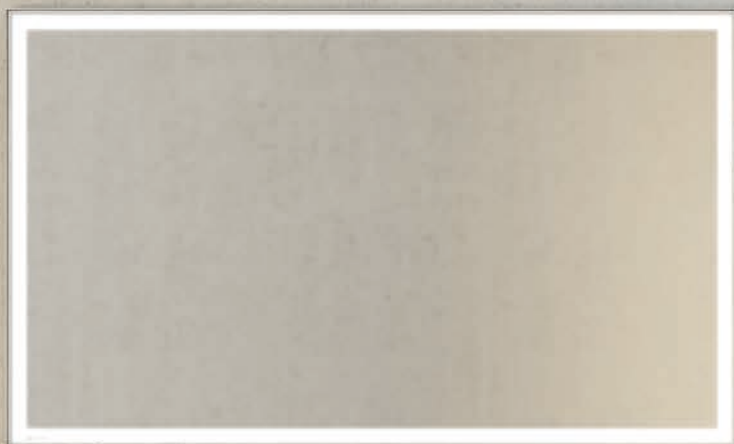

The large capacity metal drawers with soft close, can be supplemented by the Centre Tray when the Preloc "space saving" syphon is installed.

Compatible with various ceramic washbasins and in particular with MX1, Sonia's unique mineral design washbasin, available in gloss (Marmo). Its asymmetric design in the 32" and 40" sizes has a large basin and generous dry countertop space.

AVAILABLE UNTIL DEC 2020

PLAY

Play Evolution presents the refreshed interpretation of this Sonia Classic. Elegance, modern and neoclassical styles combined with new colors and typical "open air" handles in 5 different and new finishes. Play Evo makes the perfect combination with bathroom accessories and faucets possible. Depending on the color combination we can transform it from a nordic style, through to classic, to a more cosmopolitan design. A style for everyone to personalize your private space.

The cabinet is made of laminated high density fiberboard, in lacquered finishes and veneer wood options. Equipped with large-capacity metal frame drawers and soft closing mechanism. The top drawer comes with organizing tray.

Countertop options in Ceramic and Mineral Solid® (matte) countertops.

AVAILABLE UNTIL DEC 2020

MAINTENANCE

Care & Maintenance Bathroom Accessories

Sonia Accessories are known and admired for the long lasting quality and intense gloss in their finish.

In order to maintain your Sonia accessories with its brand new luster, it is important to follow some simple instructions:

- Use only neutral non-abrasive detergents.
- It is recommended to use a soft cloth, do not use abrasive cleaners, steel wool or pads.
- Do not spray cleaning agents directly on the accessories under any circumstance, spray on the cloth, since spray liquid can come into openings or holes of the products and cause damages.
- The use of steam cleaners is not recommended since the extreme high temperature of steam can compromise the integrity of the coating finish of the product.

Furniture Maintenance

GENERAL INFORMATION FOR ALL SURFACES:

The beauty and the life of our wood finish products will endure for years depending on the care they receive.

Sonia furniture is manufactured using materials ideal for use in an often-humid bathroom environment. Nevertheless, in bath design, it is always important to ensure the furniture is placed at a clear distance from your bath or shower to avoid continuous direct splashes of water and soap residue. When splashed with water, wipe furniture dry in order to minimize the risk of damage.

CLEANING INSTRUCTIONS:

- We recommend cleaning with a soft damp cloth and a mild all-purpose cleaning agent. (Spray the cleaning agent on to a damp cloth and wipe the surface. Never spray directly onto the furniture).
- We advise against vigorous rubbing as this may cause stains and damage.
- It is very important to keep the cabinet surfaces dry. Wipe up spills immediately using a dry cloth with a "blotting" motion, rather than wiping the spill from the cabinet surface. Pay special attention to areas where water is common, such as the sink and dishwasher, and do not allow water and detergents to dry on the cabinet surface.

- Wipe with a damp cloth wrung in clean water to remove the cleaning agent and to avoid stains and stripes.

- Avoid using dry cloths and paper tissue for furniture with matt and high-gloss surfaces, as these may scratch the surface.

- Do not use abrasive cleaning agents or cleaning agents that contain ammonia, bleach or other strong solvents as these will damage the furniture.

- Avoid excessive moisture. This is one of the worst enemies of any finish. Avoid draping wet towels over cabinet doors. Do not attach towel racks to door interiors. Immediately dry off any areas where water has spilled.

- Avoid excessive heat. Avoid placing cabinet appliances where the heat is directed onto cabinet surfaces. The stability of the wood and finish can be negatively impacted.

Final thoughts

Wood products and their finish are only as good as the care they receive. Proper care as recommended will extend the life and beauty of your cabinet. Remember, leaving water or other moisture on the cabinet surface for extended periods of time will harm the finish.

SALES AND TERMS CONDITIONS

PRICES

Prices are subjected to change without notice and are exclusive of any shipping, delivery, packaging or handling charges that may apply.

WOOD PRODUCTS

A majority of our products are crafted from noble woods and various finishes. Because of the natural variations inherent to this natural material, minor differences in the look and finish are expected and are not considered manufacturing defects. We cannot guarantee an exact match on any of our products.

SONIA

TRANSPORT WARRANTIES

At Sonia we have a real passion for quality that is why we apply strict guidelines for each and every process, starting from the entry of the materials into our warehouses, all the way through to the shipment of the correctly packed goods. That way we can guarantee that our clients can continue to enjoy the beauty and quality of our products.

To facilitate this there is a time period, during the transport of the goods, where we will need your close collaboration in order to ensure the maximum quality of the products.

We expect you to examine the materials once you have received them in order to make sure that it was delivered to you in perfect condition, because we provide up to 48 hours to make a claim in case of damages:

1. If you are absolutely sure that the material was delivered in perfect condition, please sign the delivery note without any further remarks.
2. In the case of any issues, or if you are not able to properly examine the goods then please add the following text in the delivery note: "Damaged packaging".
3. In case of damage to the materials themselves, the delivery note should be marked with the text "Damaged goods".

By performing these easy steps, the transport agencies and the insurance companies will be able to respond quickly and effectively for any damage caused during transport, if not Sonia SA will not be held responsible for any replacement cost.
