December 1, 2020

Dear Valued Customer,

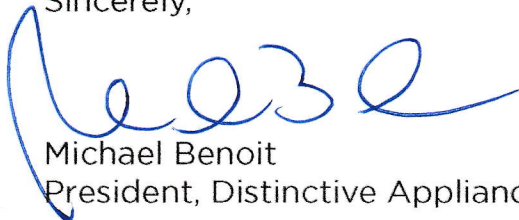

This notice is to advise you that COYOTE OUTDOOR LIVING pricing will change effective January 1, 2021.

Once the pricing has been finalized we will be sending you an Excel price sheet and the new 2021 Interactive Price Book. Our interactive price books allow you and your staff to connect directly on line to additional product information on each model, making it easier to provide your customers with the most up-to-date specifications and information about the outdoor cooking products they are looking for.

We will have an Excel price sheet and price book sent to you as soon as possible. We wanted you to be aware of these events so that you can plan your purchases accordingly.

We value your business and look forward to bringing you continued excellent service in 2021.

Sincerely,

Michael Benoit  
President, Distinctive Appliances Distributing
