CLEARMIRROR FOG-FREE MIRRORS

Since 1998 ClearMirror has provided luxury bath mirror for showers and vanities. We continue to generate industry leading fog-free and lighted shower and vanity mirror solutions for homes, hospitality, clubs, and even yachts and RVs.

MADE IN AMERICA

We are proudly handmade in America to the highest quality standards. This parallels our commitment to safety with every ClearMirror being UL-Listed. In this catalog you will see our line of standard and in-stock ClearMirror products.

FLEXIBLE

When standard won't work, you won't find anyone more willing to take on an adventurous design. If you can dream it, we've probably already seen it. Do you want to change the dimensions? The shape? Or match the color temperature of other bath lights? Let us provide you a customized quote to meet your exact needs.

TOP-NOTCH SERVICE

Our relationships begin with design concept and continue through post-sale support. We speak with designers, architects and contractors daily, and we support hundreds of Bath, Lighting and Tile showrooms across the country.

YOUR BATH DESIGN PARTNER

If this is your first introduction to ClearMirror, thank you, and welcome to the Sales Partner Team. If you've been with us for a while, thank you for your continued confidence in what we do for you and for your clients.

All of Our Best,
The ClearMirror Team

POLICIES

ORDERS

All ClearMirror purchase orders should be sent directly to sales@clearmirror.com.

DISPLAYS

Working mirrors for displays are available at special pricing. Wall-mount simulated ShowerLites are also available.

WARRANTY

ClearMirror products come with a 5-year warranty on materials. We do not warranty parts that we did not include with the original purchase, nor do we cover labor for replacement parts.

SHIPPING

Cost of shipping is not included. We ship daily from the Minneapolis area via UPS. We can use your shipping label if you prefer. All stock items ship within 48 hours.

SHIPPING CLAIMS

Open box and inspect within 24 hours of delivery. If package is damaged on delivery, open and inspect with the carrier.

RETURNS

Installed ClearMirror product is not eligible for return.

To return your uninstalled ClearMirror, please place it in the original packaging and return to us for a refund. Refunds will only be issued on products within 30-days of purchase, and upon inspection. Please allow for up to 14-days for process resolution of returned items. A restocking fee of 20% is charged for all returns. Return shipping is the responsibility of the buyer.

Please note that all custom mirror sales are final and may not be returned.

PAYMENT TERMS

Payment due within 30 days. Credit payment is accepted. Unpaid invoices are subject to accrued interest and any account that is past due will lose credit privileges.

SHOWER CLEARMIRROR™

FIVE-STAR LUXURY

The Shower ClearMirror

is a patented, low-voltage bathroom mirror defogger and mirror for a shower or steam room. The thin heater adhered to the back of a mirror is powered by the same circuit as the bathroom light fixture, fan or separate switch.

When turned on, the pad gently heats up, preventing condensation on the surface of the mirror. The Shower ClearMirror installs flush with the bathroom shower surround. A low-voltage transformer, or a low-voltage system provides safe electrical current. The plug-in transformer is located below the vanity, in a soffit or attic space, an adjoining closet, or other accessible space.

Details

- Fully assembled. Heater mounted to the back side of the mirror.
- Mirror mounts flush with the tile surround.
- **UL LISTED** for use in showers and steam showers.
- 24" 18 gauge wire leads centered on the back of the mirror.
- **Made in the USA** and covered by a **5-year replacement warranty**.

Standard Sizes	Electrical
12" x 12"	24V / 18W
16" x 16"	24V / 35W
18" x 18"	24V / 47W
12" x 24"	24V / 37W

Shave in the shower

SHOWERLITE™

BRILLIANT INDULGENCE

The ShowerLite

is an in shower, low-voltage bathroom fog-free mirror with LED lights. Standard LEDs are 5300K (94+ CRI), natural white LED's.

When turned on, the pad gently heats up, preventing condensation on the surface of the mirror. The ShowerLite installs flush with the bathroom shower surround. A low-voltage transformer, or a low-voltage system provides safe electrical current. The plug-in transformer is located below the vanity, in a soffit or attic space, an adjoining closet, or other accessible space.

Details

- Fully assembled. Heater, LED panels mounted to the back side of the mirror.
- Hi-output LED light bars with 94+ CRI.
- Mirror mounts flush with the tile surround.
- LED panels are 4mm thick, provide complete and even coverage and are rated for 70,000 hours.
- **UL LISTED** for use in showers and steam showers.
- 28' of barrel connectors from the LEDs and the heater for easy, reliable wiring.
- **Made in the USA** and covered by a **5-year replacement warranty**.

Contact us directly for quantity purchases. For quantity purchases, please expect 5 weeks for delivery. **The ClearLite can also be custom designed.**

ORIGINAL CLEARMIRROR™

SIMPLIFY YOUR MORNING ROUTINE

ClearMirror Vanity Mirror Heaters

Original ClearMirror is a heated (120 volts) mirror defogger (heating pad) that is installed to the back of any vanity mirror. Powered by the bathroom light switch, the mirror defogger heats your mirror keeping it fogless following your shower.

Details

- Product thickness: 0.3mm.
- Maximum Watt Density: 1.25 Watts/square inch.
- Self regulating (PTC) technology.
- Uniform heat distribution and superior heat transfer.
- 24" 18 gauge wire leads located center, top of the heater.
- UL Listed. Elements pass extensive UL testing for safety and reliability.
- **Made in the USA** and covered by a **5-year warranty**.
- Peel and stick application.
- For use behind vanity mirrors.

Not for use in showers or steam rooms.
Use Shower ClearMirror for those applications.

STUDIO SERIES SIGNATURE COLORS

CLEARMIRROR LED TECHNOLOGY

WHAT MAKES AN LED EXCELLENT

At ClearMirror we use state-of-the art LED technology. We only use totally enclosed, ultra-thin LED panels:

- Sealed panels are moisture proof
- LED panels mounted directly over the mirror opening
- No hot spots and no dead spots
- No cumbersome mirror frame required
- Meets California Title 24 requirements

HIGH CRI = REAL COLOR

The Color Rendering Index is the true measure of real colors under a white light source. Most LEDs have a CRI in the lower 80's. **ClearMirror LEDs are rated an industry-best 94+ CRI.**

← CRI 97

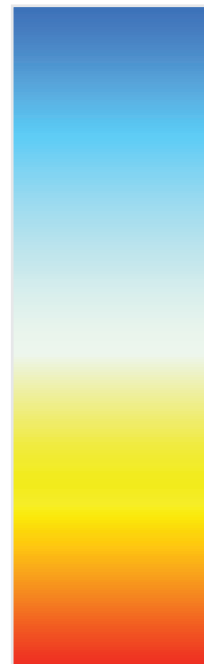

← CRI 75

← CRI 60

COLOR TEMPERATURES AND KELVIN

Color temperature is measured by Kelvins. Higher Kelvin = more blue or cool. Traditional color temperature in America is 3,000K or warm. Contemporary or European color temperature is 5,300K or cool.

← 5,300 TO 6,000
COOL / DAYLIGHT

← 4,000
NEUTRAL WHITE

← 3,000
WARM WHITE

LIFESPAN

LEDs have a general life expectancy of 50,000 hours. If you use your bathroom lights for 5 hours a day, this would last over 20 years. ClearMirror LEDs are rated for 70,000 hours.

Fast shipping

Standard product orders placed on ClearMirror.com ship within 24 hours.

Energy efficient

The daily equivalent of operating a light bulb.

Safe

Low surface temperature won't burn skin or damage mirrors. UL and C-UL Listed.

Durable

Mirrors and heaters are tested under extreme conditions and backed with a 5-year warranty.

Easy to operate

With a simple flip of a switch, the mirror begins heating.

Permanent

No need to apply chemicals or coatings every week.
