Vent A Hood[®]

Dear Valued Customer,

This notice is to advise you that Vent A Hood pricing will change effective April 15, 2021.

Once the pricing has been finalized we will be sending you an Excel price sheet and the new 2021 Interactive Price Book.

Our new interactive price books allow you and your staff to connect directly to additional product information on line for each model, making it easier to provide your customers with the most up-to-date specifications and information about the ventilation products they are looking for.

We will have an Excel price sheet and price book sent to you as soon as possible. We wanted you to be aware of these events so that you can plan your purchases accordingly.

We value your business and look forward to bringing you continued excellent service in 2021.

Sincerely,

Michael Benoit
President, Distinctive Appliances Distributing
