MONOLITH

Cooling Redefined

The next generation of home refrigeration is here. Introducing Monolith, a towering achievement in cooling technology from Liebherr. Monolith is the culmination of Liebherr's 60 years of refrigeration innovation and expertise. An impressive 84" from top to bottom, this monumental wonder of German engineering takes food preservation to a new level. With superior energy efficiency and food-saving advancements such as BioFresh-Plus, PowerCooling and our SmartDeviceBox, Monolith is a fusion of technical genius and practical ingenuity. Add Liebherr's exclusive InfinitySwipe touchscreen display and smartphone app, whisper-quiet operation and infinite finishes and size configurations to match your décor, and you can see why Monolith isn't just state-of-the-art. It's the new definition of cool.

LIEBHERR

Almo Premium
PROMISE

Advanced Food Preservation

Liebherr's advanced food preservation technologies guarantee the perfect environment for all foods. Biofresh, DuoCooling, and precise digital controls are just a few performance-enhancing features that contribute to superior, long-lasting food freshness.

Diverse Design Options

Multiple size configurations, installation options, and choice of personalized finishes allow for perfect integration into any dream kitchen. Whether for food or wine, indoors or out, as a focal piece or under-counter, Liebherr appliances offer diverse refrigeration solutions for any space.

Silent Operation

Variable Speed compressors are always operating at optimal capacity, ensuring maximum food preservation. Combined with soft-start technology, these compressors offer quiet operation and minimal electrical surge at start-up.

Better Use of Space

Innovative storage features allow for optimal organization and easy access to favorite foods; helping to reduce food waste and preserve mineral content in organic produce. Divisible and interchangeable glass shelves, FlexSystem, FrostSafe drawers, VarioSpace, and gallon-storage in the door, make it easy for owners to make efficient and smart use of Liebherr products.

ActiveGreen® Initiative

Liebherr utilizes progressive practices such as recovering and reutilizing energy to heat buildings, using 100% recyclable packaging, and using purified water to ensure that production is pollution free; all with the goal of having the least damaging effect on the environment.

2-5-12 Warranty
