D49M Installation and Configurator Tool—Now Available

Best is pleased to announce new resource tools available for you now on their website. These new tools provide an enhanced user experience as customers make their D49M purchase journey.

A new D49M [Configurator Tool](#) guides you through the steps to choose the BEST D49M Series Downdraft configuration for the kitchen. The tool provides the available installation configuration options along with a complete list of what components are needed.

The D49M Configurator Tool can be found on the website under the Experience Best, Specifier Tools tab or use the link above.

Additionally, a D49M [Installation Video](#) will detail the step-by-step installation process for the downdraft system.

This D49M Installation Video, one of many, can be found on the website under the Experience Best, Resources, Video Center or use the link above.

Please contact your Territory Sales Manager if you have any questions regarding the information provided in this ArrowGram.
