

Ordering Suspension

During COVID-19, TOTO will occasionally experience a supply chain interruption to a select number of items. For the components that we are suspending as per below, please note that these items may be part of a kit number and the kit number is also suspended.

There is no cause for concern for the quality of products that are currently stocked and/or installed. The supply interruption is only due to a delay in production due to the factories being closed. We continue to monitor the incoming supply and will keep you with any changes. We apologize for any impact this may have on your business and appreciate your continued support of our products.
