

DISCONTINUED PRODUCT / LAUNCH NOTICE

Please be advised that due to higher than anticipated demand, the phase-out and transition of our Bosch cooktop line has been moved up. Effective immediately we will no longer accept orders for the following Phase-Out models. All orders going forward will need to be transitioned to the new successor models, previously scheduled for launch April 1st, 2022. We will be able to accept orders for the new models beginning next week (second week of February). Production and shipping of the new models will still begin in April, as originally scheduled. Spec Sheets for the new lineup are being finalized and will also be available shortly.
