SUBJECT: *BEST Powerpack HBN1 Series- 90 Days from Launch*

COMING SOON: BEST HBN1 Series Powerpack Insert

At BEST Range Hoods, we believe performance should inspire design. A BEST Range Hood will open design possibilities by providing high-performance blowers and advanced features. With that in mind, we are proud to introduce the new **HBN1 Powerpack Insert** – the ideal blend of style and performance.

Designed of brushed stainless steel, the HBN1 powerpack insert series has a clean, smooth look to achieve a built-in, custom appearance. In either 24-inch or 30-inch widths, protect the full bottom of your cabinetry with depth adjustability up to 15" deep. It features a 4-speed electronic control with an automatic smart sensor and voice activation that allows for a hands-free operation. Bright LED lighting illuminates the cook top and easy install clips make it easy for a single person installation. HBN1 series delivers an unparalleled performance with a powerful 650 Max Blower CFM.

Product Details

Model Numbers: HBN1 Series

- HBN1246SS – 24" Stainless Powerpack Insert
- HBN1306SS – 30" Stainless Powerpack Insert
 - Brand: Best
 - Blower Type: Internal Centrifugal
 - MAX Blower CFM: 650
 - Duct Options: Vertical 8" or 6" round or 3 ¼" x 10", Horizontal 3 ¼" x 10" and non-duct*
 - Optional non-duct kit available, HARKBN24 and HARKBN30 sold separately
 - Four-speed back-lit soft touch control with WiFi connectivity enabling voice control for hands free operation
 - Users can operate their hood by connecting to an Alexa or Google device for voice operation or through the new Broan-NuTone Kitchen App.
 - IR Auto Operation detects heat over the cooktop and adjusts speed automatically
 - Code Ready Technology (CRT) allows the installer to reduce the HVI CFM to 400 or 300 to meet MUA code requirements
