

Gerber Classics™

BATH DRAIN TRIM KITS

Gerber® Plumbing Fixtures offers a variety of different types of drains known for durability including: trip lever, lift & turn, auto trip, chain stopper, and pop-up. The sturdy construction of the drains help to ensure that they perform reliably for the life of the product. Gerber offers various configurations to fulfill the needs of virtually any standard or roman tub installation. Finish-matched trim kits are available for select models to ensure drain trim and faucets are a perfect match. All of Gerber drain assemblies include an overflow for ease of servicing or clean-out.
