1551 Grand Central

Grand Central is not just a vanity. It is a statement of luxury, fashion and function. Stylishly simple, the design steps out of the ordinary on legs reinforced with smart braces.

Drawers and doors allow toiletries to remain discreetly hidden. There's a size for every space—from petite 24" to broad and bold 72". A deep, lustrous Natural Walnut finish and Matte Black legs and hardware complete the picture; one that's perfectly framed for modern life.
