## HANDING OF DOOR

Door Handing is determined by standing at the outside of the door while facing the door. The side of the hinges determines door handing.

### **9100 Mortise Lock: Choice of ENTRY Functions. SPECIFY ON ORDER!**

#### **9148**

Entrance or Apartment Lock

Latch bolt by key outside and lever either side unless outside lever is locked by toggle action stop.

Deadbolt by key outside and turn piece inside.

Turning inside lever retracts latch and deadbolt simultaneously.

Outside lever remains locked until manually unlocked by toggle.

#### **9149**

Entrance or Apartment Lock.

Latch bolt by key outside and lever either side unless outside lever is locked by toggle action stop.

Deadbolt by key outside and turn piece inside.

Turning inside lever retracts latch and deadbolt simultaneously.

Outside lever remains unlocked until manually locked by toggle or projection of deadbolt.

*\* Function not offered on thumb grip x thumb grip applications*

#### **9124 (No Toggle)**

Dormitory, Entrance or Storeroom Lock.

Latch bolt by lever either side.

Deadbolt by key outside and turn piece inside.

Turn of inside lever retracts latch and deadbolt simultaneously, automatically unlocking outside lever.

WHITE BRONZE BASE ALLOY

Natural White:	NW
Pewter White:	PW
Midnight White:	MW

**IMPORTANT NOTE ABOUT OUR BRONZE PATINAS:**

All patinas are hand applied and will vary slightly from patina samples or display samples. This is due to aging of samples, and natural variations in patina which occur depending upon the bronze casting, and temperature and humidity while applying the patina. This is considered to be a key part of the beauty and uniqueness of our hand crafted product and not a defect.

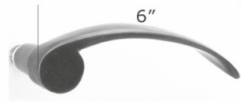

All our patinas are living finishes and will age gracefully over time. How quickly they will age depends upon the conditions of use and maintenance (a light re-waxing).
