## ECOPOWER® TECHNOLOGY

### ECOPOWER® Advantage

- Sustainable engineered to require no external electricity source
- Hydropower system needs no routine battery replacement which lowers maintenance cost
- Strategically placed sensor ensures instantaneous water response, minimizing water wastage
- Hands-free operation reduces the chance of spreading contaminants

## EWATER+® TECHNOLOGY

### Standard-R Faucet Only

EWATER+ mists the drain area of lavatory with EWATER, reducing the need for harsh cleaning chemicals. EWATER+ is created from water, reverts to ordinary water over time.
