Dear Valued Customer:

Please be advised that our SILGRANIT® manufacturing plant in Toronto will be closed for two weeks beginning Monday, August 7. No sinks will be produced during this time. Operations will resume on Monday, August 21.

Keep in mind that our Silgranit inventory levels and order fulfillment could be affected in August. To best support our customers, we have included the current stock list at our Lumberton, NJ warehouse. We will send an updated list no later than Wednesday, August 9, to include all sinks that were produced this week.

We fully anticipate a return to standard levels by early September, and we appreciate your patience during this closure. Should you have any questions, please contact your Regional Sales Manager.

Best regards,

Diana Windsor
Sr. VP of Sales, North America
