Multiple accessories allow you to wash food, chop and prep, clean up, dry dishes, and more—designed to help you save space and time in the kitchen.

CREATIVITY

Turn your Maris Workcenter into a mixing station, by utilizing the colander placed above the sink for dirty spoons and whisks, keeping them away from countertops and the bottom of the sink.

EXPANSIVITY

The ability to prep food, keep different kinds of foods separate and wash and dry dishes in one area frees up counter space for other tasks.
