

Notification of Escutcheon Design Change for Vaughn® Trim Kits

Q: What product changes have been made?

A: Based on customer and installer feedback, the length of the escutcheon for Vaughn trim kits has been reduced, allowing the arm to adapt to shower walls of varying thicknesses more easily.

Old Escutcheon Design

New Escutcheon Design

Q: When will this change take place?

A: This is a running change for all Vaughn trim kits, effectively immediately, depending on inventory of each SKU.

Q: Is there anything else I should be aware of concerning this change?

A: This change was made on our website and on accompanying product technical documentation. Customers can request the new escutcheon (Part number: A111758-S) by reaching out to our Customer Care team.
