CARE FOR WAX FINISHES

The beauty of our finishes are a result of the environment they are installed coupled with the level of use and exposure to factors such as salt spray and UV.

Please apply a clear furniture paste wax and let dry. Using a soft cloth to remove the dried wax and shine the part to level of desired brightness. We recommend using a soft bristle brush to remove any excess/dried wax from low ground or detail (i.e. coin, rope, etc.) that may be hard to remove with a cloth.

We recommend applying the wax every six months.

CARE FOR LACQUER FINISHES

We recommend that you maintain lacquer coated products with a mild soap, rinse and dry thoroughly.

TERMS & POLICIES

OUR PROMISE

The Classic Brass family take a great deal of pride in the products produced by our American craftsman. We offer a lifetime guarantee on the material and workmanship of our products. Our handcrafted wax finishes performed on our solid brass or bronze products are known as a “living finish” which means it will change with time, touch, climate and care techniques. Our finishes shipped with a lacquer coating are guaranteed for a period of one year from date of receipt. We will refinish at our expense all products returned that we deem to be a defective finish.

Due to the fact each product will be exposed to a varying set of conditions, we do not warranty the finish of our products except as stated above. Repeated handling and use will result in an inherently beautiful and graceful finish desired by the finest residences across the world.

Classic Brass will repair or replace the defective product or parts that fall within these guidelines. If material is determined to be defective, the limit of damage is the price of the defective material. Classic Brass will not be liable for any labor charges regarding the removal or reinstallation of the products, transportation costs or associated handling expense related to the product. Defects or damage deemed to have been caused by accident, misuse, abuse or improper installation are not covered by this warranty. Surface scratches and wear are not manufacturing defects but are indicative of normal wear and tear. Classic Brass will be the sole interpreter of the above warranty.

Customers may waive the additional cost of insurance by providing a written statement by email relieving Classic Brass of all liability during shipment from our factory to their designated drop ship destination.

CUSTOM & SEMI-CUSTOM HARDWARE

Our flexibility and technical expertise allows us the capability to produce both custom and semi-custom hardware to meet our customers' unique requirements. Custom requests are subject to order minimums to ensure that we can remain competitive with the associated investment costs.

When placing an order for custom hardware, the minimum quantity for cabinet hardware is ten (10) pieces.

Custom/semi-custom hardware orders are also subject to additional lead times, which may vary depending on the complexity and size of the order. We will provide an estimated lead time for your order upon quotation, and all estimates are subject to revision as needed.

Additionally, all custom/semi-custom hardware orders are non-cancelable and non-returnable. Approved production prints shall confirm the design has met the customer's requirements.

Classic Brass welcomes your creativity and unique projects. Please contact your Director of Regional Sales with any questions.
